Some months ago reservations of lands in connection with the Big Hay Lake Drainage Project were cancelled by the Reclamation Service. Investigations, however, were then being conducted by the Topographical Survey Branch in this locality and no action was taken to dispose of the lands released.

This information, however, has now come to hand and I would ask if you would kindly advise me if there are any accrued areas in the above described quarter-sections of sufficient importance, in your opinion, to warrant the limitation of riparian rights and the disposition of the same.

Memorandum,-

Referring to your memorandum dated 25th Apri. file 4519738, the accrued lands mentioned in townships 49-22-4, 48-23-4 and 48-22-4 with the exception of the nort east quarter of section 26 are portions of the former bed o. Big Hay lake. The recession of the water of this lake appears to be partly due to natural and partly to artificia causes. R.W. Lendrum, D.L.S. who surveyed township 48-23-4 in 1903 reported that he was informed that some years previously during a dry spell persons had walked dry-shod acro the bed of the lake which at the time of his survey was covered with six feet of water. He stated that the lake co. be drained with little expense.

In 1911 an irrigation engineer reported that t water level had been lowered about three feet, owing to the deepening of the natural outlet by drainage operations.

In 1912 F.V. Seibert, D.L.S. reported that he found the lake to differ so much from that shown on the town ship plans as to warrant a complete traverse, although the elevation had not been lowered.

H.M.R. Soars, D.L.S. in 1914 reported that water level was higher than seven or eight years previousl owing to the fact that water had been drained into the la faster than the outlet could carry it off. The lake was surveyed in 1915 by Mr. Soars and when the plan of township 48-23-4 showing his survey was issued in 1916, the areas o accrued lands in patented quarter sections were shown, the assumption being made that the recession was due to artificial causes.

In 1923 H.E. Pearson, D.L.S. surveyed the l.. and found that the water had further receded. The latest editions of the township plans show areas of all accrued lands according to his survey.

Myriad lake in township 47-23-4 was investig ed last September by Mr. T.S. Nash who found that it had completely receded from section 36 and the north half of northeast quarter of section 25 with the exception of a fe small water holes and that a good crop of hay had been cut the quality of which indicated that other crops had been g in previous years. No outlet was observed and it is thu impossible to state whether the recession was due to drai or to natural causes.

A large body of open water still remains o legal subdivisions 8 and 9 of section 25.

The water was observed to have receded from section 30 of township 47-22-4 but section 31 was not investigated.

House of Commons

Ottawa Apl. 6th. 97. 1897

Hon Clifford Sifton,

Dear Sir:-

I beg to bring before you the case of Irene Pelletier who settled in the North-East quarter of Section 30- 5- 28 -29 W. 4th Meridian in 1896. He did not enter for the land, for being on the line of the Alberta Ranch Company, entry would not be given him without the permission of the Ranch Company, which he was unable to obtain. He had resided on the cornering section 32 for three years previously, but because there was no water on 32, and because he was unable to get any he removed to 30. He resided on 30 until the Spring of 1896. He has a house, stable, and fencing. He entered on it in October 1895, dug a well and cropped the land. His last crop was put in in June 1896. In 1895 when Pelletier was still on the land it was ordered to be reserved as a water-right, although there is no water on the quarter of it where Pellitier was settled, except what he got in the well which he

424900

House of Commons

dug. When the Alberta Ranch Company gave up their land Pelletier applied for entry for the land, but was refused on the ground that it was reserved for a water right, and being unable to get entry, and his crop failing, he abandoned the land after having resided on it long enough to entitle him to his patent, besides having resided three years previously on the adjoining land. Pelletier brought this matter to my notice while I was at Pincher Creek. On examining the map furnished by the Department I find that the land was not shown as being water-righted, while the adjoining section on the North and on the cornering section of the South West, appeared as being water-righted. I called on the Land-Agent at Lethbridge and he informed me that the land was water-righted by order of Mr. Pearce as shown by a memo in the land book, but that it was not water-righted by Order-in-council. However as long as the memo appeared in the land book he was unable to grant an entry for the land without referring to Mr. Pearce. On the further inspection of his record he found

House of Commons

Ottawa 1907

that while this land was listed as being water-righted some time last summer, a new list had been received by him on which it did not appear, still as he had not received instructions to withdraw the memo from the land-book he was unable to grant the entry on it.

Further in regard to the matter I may say that there are three settlers besides Pelletier actually in occupation on the same section, who had been refused entry as Pelletier has been. It would be impossible to enlarge upon the statement of the case as ~~he would~~ here present in all its bearing. I would respectfully ask that Mr. Pelletier and the other occupants of the section be granted an entry. I think the circumstances set forth above warrant the fullest enquiry into ~~what~~ the cause that has been pursued in the past in the ~~records of~~ administration of water-reserves in the ranch country.

Yours,

Frank Oliver

Ottawa, 9th April, 1907.

Dear Sir,

I have your letter of the 6th instant, addressed to the Minister of the Interior, with reference to the desire of Mr. Ira Polsenberg to obtain homestead entry for the North East quarter of Section 30, Township 6, Range 29, West of the 4th Meridian, which you state is reserved for stock-watering purposes. In reply I beg to say that I will bring the matter at my immediate attention and will be glad to forward the interests of Mr. Polsenberg. I will be able to write to you on the subject in the course of a few days.

Sir,

Referring further to your letter of the 4th ultimo, addressed to the Minister of the Interior, in which you state that Mr. Irene Pellotier desires to obtain a quarter entry for the North East quarter of Section 30, Township 5, Range 19, West of the 4th Meridian, I beg to say, in reply thereto, that this land is available for entry, as there is no reason, so far as I am aware, why he should not make entry for same.

Dear Sir.

I have made an Homestead Entry for the S.E. 1/4 of Section 30 Township 5 Range 29 West of 4th Meridian. There were improvements already on the place & for which I paid to the man who made them. Now I have made Entry for the place the Land Agent for this Lethbridge District has made me pay for them over again. Would you be kind enough to tell me if the Government has acted right with me in this matter. I thought myself that when I paid the man for the improvements he must made on the place I had only

make an Entry as it would be
alright but it seems to be the
other way. I had to pay $10.00
for the Improvement now
having to pay it over again puts
me back a year or so as I have to
work out as a labourer for my living
now I shall not be able to settle
down for awhile. When I was notified to
pay the government for Improvements
again they said in their letter to
the land agent here, that if I could
show any just cause why I should
not pay for the Improvements I might
get my cheque returned so I have written
to you to see if you can help me in
this matter hoping to hear from you
as soon as possible I remain

Yours sincerely

Mr. Collier,

Frank Cook was granted entry for the N.E. ¼ 30 5 29 W 4th M, on the 22nd Feby. 1898, and paid $110 as the value of the improvements. The act lately has been to collect the value of improvements in cases like this for the benefit of the Crown and they have always, no matter how otherwise disposed of, been collected by the Government. Mr Cook should not have paid the value of the improvements to the squatter and the Agent could do nothing but collect them from him again. If there is any intention of considering a refund it would be better to get more definite evidence as to Mr Cook's payment to the squatter as the Agent makes no mention of it

Memorandum:-

Mr. Frank Cook has lately received entry for the North East quarter of Section 30, Township 5, Range 29 West of the 4th Meridian. This quarter section was at one time the subject of an entry by Henry S. Pelletier, who sold to Cook all his improvements thereon to the value of $110, which sum Cook paid to Pelletier according to his own declaration and the receipt for the money as given by Pelletier. When granting entry the Agent exacted from him (Cook) the value of these improvements to the same amount. He has asked that this sum be returned to him, and he was told that upon filing proof that he had already paid the individual who made the improvements for the value of them, the subject of his request would be considered.

It does seem very unfair that he should have to pay for the value of the improvements twice over, but as it has been the practice of the Department all along that the value of the improvements, with the exception of very special cases, were to go to the benefit

Sir,

I have the honor to acknowledge the receipt of your letter dated the 29th Ultimo. re 155.187 & 198.375 in which you call my attention to the fact that under existing Regulations there is no objection at all to one man making application with a view to the Cancellation of one or more Pairs of Land.

Carrying this out, it is likely to cause no end of trouble, and should most certainly recommend its being altered. Supposing One man applied & Cancelled 6 or more Homesteads, he could only take one himself & in the meantime Parties other settlers, can become the Lands he has first right of entry for. Therefore think that One man ought not to be allowed to make more than one Cancellation at a time, until the expiry of the 60 days. Thereby now that no Affidavit is required at time of making the Affidavit. Kindly Give this your early attention.

Sir,

I have the honor to acknowledge the receipt of your letter dated the 13 Inst & 198.648 198.575 Subject the Cancellation of Homesteads. I have Carefully Considered Your Remarks. I am perfectly aware that once the Homesteads are Cancelled the one man can only make entry for one, the other 5. or whatever number he may have Cancelled remain open for the first comer. But Lubkowsky when he filed applications for the insertion, one or 5 other men wished to file applications per insertion of one of the 6 the first man had filed for, they must wait 80 days till he selects one of the number he had applied for insertion. I think it would give the first man an undue advantage and if so inclined could hold the lands till the last moment of the 80 days

I have the honor to acknowledge rec't of your letter of the 5th inst no 241.446 4 198575 in the Malcolm-Wilder Complaint herein adding thereto a form letter of the 31 ult. & min.

The facts of the case are as follows on the 24th ult. Cancellation papers were taken out by John Lumis for S W 1/4 Sec 22 - 55 - 24. the usual notices were given and up to this no defence has been filed. Mr Malcolm McKinley called at the office and wanted to know about the claim he had or said he had against the land & wanted a friend of his to get first chance of taking it after Cancellation. Mr Elmon told him provided the land was Cancelled the man who had applied for Cancellation had 20 days after the Cancellation to make his entry. He stated in my hearing they would make it look for any one taking that Homestead. I asked him for his authority for acting in the matter he said he

he had none, I then told him
in that case I could not ac-
knowledge him. That he had better
take care what he did, as the
law would protect the latter.
Fortunately, with Mr Almon, McLennan,
there incident in the office, all he
wanted was his claim for work
he said was done this fiscal on the Jackson.
Both he, and his brother Dan, are

latter in 1885. stole a rake off my
deck and considerable row took place about it.
I shall await your instructions.

Dear Sirs :- - re Estate of Jos. Dayson Samis deceased -

We have your favor of the 23rd. inst. returning papers- leave letteres of administration in this matter . We beg now to return them to you as being correct. Jos S Samis and Elias F Samis both of Wawao executors of the estate of Jno. Samis deceased, is merely descriptive . The facts are as follows:- Jos. Dayson Samis died on or about the 16th. of Feb. 1896 his father Jno. Samis was still living and would be the heir of Jos. Dayson Samis who died without issue. Jno S and Elias F Samis are the executors of Jno. Samis the father who left a Will . Jos. Dayson Samis having died in testate. In winding up the father's estate it was found that no letters of administration had been taken out for the estate of Jos. Dayson Samis the executors of the fathers estate have now applied for administration of the son's estate . They are therefor described in the letters of administration a certified copy of which is enclosed as executors of the estate of Jno. Samis deceased. We trust that this explanation will be satisfactory and that you will now be able to issue patent to Jno. S Samis and Elias F Samis as the administrators of Jos. Samis and sons.

Sir,

Referring to your letter of the 22nd May, 1897, S. 7332, Ref. [illegible], I am directed to say that it is learned from Dr. Dawson, Chief of the Geological Survey, who made inquiry respecting certain parcel of land at the mouth of Tar Creek in Section 11, Township [illegible], Range 1, West of the Peace River, that it is proposed to commence operations for oil boring, but the survey was made in 1896 by a Dominion Lands Surveyor of the land claimed by the Mackenzie River Co., which comprises a portion of the said Section 11, and that no plan of survey is of record in your office. Be good enough to make a careful report of the case in question to be sent here, together with the statement or statutory declaration which we have asked for by the Crown authorities before the surveyor concerned can obtain the said land.

I beg to submit the letter of the 19th ultimo from the Assistant Agent of Dominion Lands, Edmonton. enclosing a letter from Mr. J.A.Mitchell, respecting the S.W.¼ of section 12, township 58, range 17, west 4th meridian, upon which he desires to have Half-breed land scrip located, and upon which the Agent states there appears to be some improvements. There is a rule of the Department that Half-Breed scrip may not be located upon improved land, but if the value of the improvements are ascertained in the usual way by a Homestead Inspector and paid for by the person locating the scrip, there appears to be no objection to the scrip being located on the land in question. Replying to your letter of the 21st ult., addressed to the Agent of Dominion Lands at Edmonton, requesting the improvements on the S. E. ¼ section 12, Township 52, Range 17, West Fourth Meridian, I am directed to say that the rule of the Department is that half-breed scrip can not be located upon improved land, but if the value of the improvements is considered by a Homestead Inspector in the usual way, and paid for by the person locating the scrip, there would appear to be no objection to scrip being located on the above land. This quarter-section has, however, recently been selected upon Application made to the Agent of Dominion Lands at Edmonton and under the usual practice the applicant for homestead would, if eligible, have the first right to pre-empt for the land. Will you kindly favour me with a reply at your earliest convenience, as I am desirous of having my son locate his scrip as early in the season as possible, and as either of the two plots referred to lie opposite to property we own and reside on here, ( Settlement of Victoria) we would like to secure it, if possible.

In which latter case you would pay for the excess in area over 340 acres, I am directed to say that the second proposition could not in any event be carried out, as the S.W.¼ of section 11 being a school section is not at the disposal of the Department. as a homestead in the name of M.D. Grigg and an application for cancellation of his entry was made recently by one A. F. Kelsey. In the event of the entry being cancelled, Mr. Kelsey, under the usual practice of the Department in such cases, would have the first right of entry, if eligible.

The whole of the W.½ of this section, south of the river, was reserved at the request of the Geological Survey in 1902 for oil boring operations and such reservation does not appear to have been removed, although homestead entry for the S.W.¼ thereof was granted on the 3rd August, 1903 to A. Dilley, whose entry was subsequently cancelled and the land was re-entered on the 26th April, 1904, by Mr. Briggs. In the event of the latter's entry being cancelled and you being permitted to have Half-breed scrip located thereon, assuming that the scrip you wish to locate is one for 240 acres, you would not, under the practice of the Department, be allowed to make up the deficiency under 240 acres out of any other land.

With reference to Mr. J.A.Mitchell's letter of the 31st ultimo, to the Minister, respecting his desire to have Half-Breed land scrip located on the S.W.¼ of section 12, township 58, range 17, west 4th Meridian, which is the cancelled homestead entry of D. Briggs, I beg to say that there is a Departmental regulation to the effect that Half-Breed land scrip may not be located on land upon which there are improvements. This claim does not appear to be a serious objection, if the person locating the scrip pays the value of the improvements on the land, as in the case of a person making homestead entry, but, as I pointed out in the last paragraph of my memorandum of the 18th May last, on file 19820 A and as Mr. Mitchell was advised by letter of the 13th instant, which letter he has, no doubt, received since writing his letter of the 31st ultimo, the whole of the W.½ of this section was reserved, at the request of the Geological Department, in 1902 for oil boring operations, and such reservation does not appear to have been removed. Although homestead entry for the S.W.¼ thereof was granted on the 3rd August, 1903, to A. Under the practice of the Department in all such cases, the applicant for the cancellation of the entry (Mr. A.F.Kelsey in this case) if eligible would have the first right of re-entry.

I think it should be ascertained from the Geoligical Department whether it is necessary that the reservation of the W.½ of the said section, south of the river, should be continued, before the disposal of any portion thereof is made.

Mr. Mitchell's letter of the 31st ultimo, and the Agent's letter of the 22nd of the same month, referred to therein, are returned to you herewith.

MINES SECTION.

*Ottawa,* July 26th 1905 *19*

*To the Director.*

*Answering enquiry of* The Interior Department, Ottawa

SUBJECT: Land Reserved for Geological Survey, near Victoria bore hole, Alberta.

No record was sent in to the Mines Section regarding the reservation of S.W.1/4 Section 12,Township 58,Range XVII,west of fifth meridian,for oil-boring operations. The decision as to what should be done in this matter of course lies with the Department.

The only information available appears to be that a test bore hole was put down in the vicinity of Victoria but whether or no it was located on the above mentioned section,is not stated in the published accounts of the boring. Judging from these accounts,the bore hole that was put down in that vicinity,and which reached a depth of 1840 feet,would not be available for further extension in depth,the casing having been drawn. Presumably in such fragile rocks as were encountered ,the hole has collapsed.

It is stated that it did not reach to within 250 feet of where the tar-sands or petroleum horizon ,was expected.

Taking the results of the three borings that were made for the government in this territory ,it would seem that the question of whether an extensive oil-field exists in depth,remains still open,with good chances that such is the case. Further tests by boring are therefore called for.

Whether such necessary work is to be done by the government,or by private enterprise,rests of course with the minister to advise . It may however be useful in view of the possibility of such a course coming under consider-

ation to quote the experiences and conclusions of Mr. D.A. Fraser who had charge of this work ,under the direction of the Geological Survey.

In the Summary Report of the Geological Survey Department for 1899,the conditions are described as follows:

" If further borings are to be made in that section,the experience of the past may be of value. The bore-holes will need to be commenced with a very large diameter ,and a higher price paid for the work in consequence .

I append the record of strata pierced as kept by the driller in charge. It was monotonously recurrent in irregular thickness sandstone and shale.

These strata of hard sandstone make the drilling precarious and difficult. The soft shale caves away and leaves no supporting wall to guide the tools straight through the hard strata,and the caving clogs the bit so that the casing must constantly be kept within a few feet of the bottom.

With that difficult formation the element of chance must always be prominent. A string of casing may be carried for a thousand feet,or it may suddenly become wedged hard and fast after it has been driven two or three hundred fe t. The natural obstacles are so great that the driller or person in charge ,if using his utm st endeavour to make the boring successful ,should hardly be held answerable for a failure to reach the required depth. I doubt if any man in Canada would be found willing to take the risk."

O t t a w a.

Dear Sir,

On the 24th inst. I received your favor of the 22nd with reference to the reservation of a quarter section of land near Victoria on the Saskatchewan, for the purpose of boring thereon for petroleum by this Department. In reply I beg to say that at present I see no good reason for reserving the quarter section to which you refer. The Geological Survey has no immediate intention of boring in that neighborhood, and, if it should desire to do so at some future time, there will probably be no difficulty in finding a location for the bore hole.

Enc. At my request Mr. E. D. Ingall of the Mines Section of this Department has prepared the enclosed memo. upon the subject of your letter.

Sir;-

I beg to say that H.O. letter of the 22nd ult, file 19820 A. to J.A.Mitchell Esq. Pakan, regarding the S.W.¼-12-58-17-w-4-m is not understood.

This ¼ section is now open and the first applicant Mrs Sutherland was given 20 days from the 4ult to make entry, she did not make entry, the second applicant Theodore Serphunshon was given 20 days from the 27th ult. but has not made entry to date.

A.F.Kelsey, the applicant for Inspection is the next applicant in turn, he is not the first applicant and therefore by the last sentence of H.O. letter J.A.Mitchell is to get the land. A widow women by the name of Katrina Filyczuk desires entry and is the next applicant and swears she built a house on the place and took up her residence in May 1904, her house she states is worth $50.00 and ½ acre of breaking $7.50.

Mr. Mitchell appears to want to scrip this ¼ and it was on the above record that he was advised he could not. It may be that there are now no improvements on the place. Kindly advise if Mr. Mitchell is to acquire same by scriping or homesteading.

Sir,

In November last I called at the Land Office Calgary, and finished paying for the Seed Grain had by me in 1895. During last year I made application for the issue to me of the Patent for the N.W.¼ Sec. 36, - Tp.21, - Rge. 1, - West of the 5th Mn. and my application was successful. but I was informed that the certificate could not be given me until those for whom I became bond for seed grain paid for the same . This would be right enough if anything were being done to collect the money ,but I cannot hear of any pressure being applied ,or lately any application made for the same . I must therefore for my own protection ,give you notice that two of those for whom I stood surety viz; A.H. Mc.Millan, and Archd. P.Bremner ,are selling off ,and state their intention to proceed to the Kootenay country in the Spring . Mr A.H. McMillan I know has for some time been selling off his Stock, potatoes, hay &c. and Mr. A.P. Bremner has told me distinctly he intends going. I must therefore ask you to take the matter up ,and make use of what powers you may possess ,either to collect the money ,or if

(over.

or if)
or if it is to be remitted ,to let it be done so that I may be clear.

Mr. Bremner has certainly plenty of Stock to enable him to pay this ,and I should think Mr? Mc? Millan from the proceeds of his sales should be able to do thexxxx same.

I am Sir,
yours obdtly.

Sir

On the 9th of February last I wrote to the Dominion Land Agent at Calgary complaining that I was unable to get a Title to my Patent in the interest of Edwards & Young for the reason that Edwards had entitled to the quarter sections, and had paid for the seed grain advanced to me in 1895. I was told I could not have the Patent until I had re-imbursed Edwards and Young - $117.50. But I was informed because I could not make any real attempt to collect this money. - The letter was sent from Calgary to Winnipeg, and in a letter sent me on the 18th of the same month I was told I could pay the amount due & then take the land from under the control of D.A. McMillan and D. McBrennan & entitled myself. This seems to me very hard - I am willing & anxious to do this, & certainly cannot afford to do so as I am very much upon them. But the case is urgent as both these debtors are leaving Alberta. Mr McMillan, I believe, has sold off almost everything, and Mr Brennan hopes to leave here by the beginning of May, as soon as he can get a sale. This Mr Brennan is one of the bondsmen of Mr McMillan, and it was by his request I became the second bondsman -

Unless the money in the grain is paid I do not see what else should be done at once, & I think those in authority should act.

Perhaps I am writing now without cause - but I have not heard of payment from Calgary, & I do not feel entitled to wait any longer to pay this money, particularly as I do not like to run such a risk as to have the matter sued -

Memorandum :- 125010 -
To the Deputy Minister,

I think the case to which this file relates should be brought to your attention, as a question of policy is involved.

Mr. Richard Paling, who was himself indebted for seed-grain, and who has paid off his own indebtedness, is also a party to several bonds, as surety, for the payment of similar indebtedness of three other settlers, namely :- H.E.Gurch, A.G.W. Dodd, and A.H.McMillan. He was also surety for one A.P.Bremner, but Mr. Bremner paid his indebtedness in March last.

Mr. Paling reported by his letter of the 5th ultimo, that the preparation of the recommendation for the issue of his own patent was delayed until the indebtedness of each of these persons had been discharged, and that he had been advised by the Commissioner of Dominion Lands that if he wanted his patent he could pay off these bonds and then sue the principals himself.

He also notified the Department that both Mr. Bremner and Mr. McMillar intended to leave the country, and that if the Department desired payment of the debts some action should be taken at once -- by the Department.

As Mr. Bremner has paid his debt, Mr. McMillar's case is the only one we have to consider, although after this bond has been cancelled both the bond and Mr. Paling's certificate of recommendation can be granted to him. It would not, however, be overlooked that Mr. Bremner is the other surety on the McMillar bond.

The letter under the 5th ultimo was prepared to Mr. Paling and when that date the Assistant Secretary asked me about it. Not having time to advise him until I had time to go over to the Department of Justice and look up several authorities upon the point I asked him to hold reply to Mr. Paling, which you will see by this memo of the 10th instant was done.

Although the reply referred to is all right, I submit a somewhat different one to Mr. Paling, but before it is sent I would like to be certain that the policy laid down in the letter will be adhered to in such cases. It may be hard upon the settler who is only a surety and who remains in the country

to

to be called upon to pay a debt of one who leaves the country, but the very essence of his obligation is to pay this debt, if the principal fails to do so ; and, besides this fact, the outcry that would be raised, if at the instance of the Crown, some settler was arrested under a writ of capias, and it could not be established that he was leaving the country, would be more injurious to the Department than anything that might possibly arise from compelling the surety to fulfil an obligation, under the bond.

Dear Sir

Some time ago I received a letter from you stating that you had come to settle with me for the land I had broken for you, but that you would withhold payment because some of the grain had not been cut for the second year. I had not paid for the grain but had taken care of it for you, and had stored it for you, and had done definite work in the matter, and had paid money to have the land surveyed for the patent, other requirements had been fulfilled, although I had not paid the second instalment.

I came down to Calgary to see you, but you were not there, and I left word at the Land Office that I would be willing to settle with you for the grain, and pay you for the work I had done, if you would give me a quarter of land as security for the second instalment. If you do not think so surely you should let such as I am have their freedom & let the land mortgaged really for the seed be sufficient.

I am writing this now because I am particularly anxious to get my certificate for patent at this time as I wish to give an acre of my land on which to build a Church, but cannot do so as it is. I also proposed to build a Church here & two sites are being discussed, the one I wish to offer, & have offered being one. My land is NW ¼ Sec 36 T 21 R W 5.

Those for whom I stand security are themselves sufficiently good circumstanced I am. One (Mr. Stinson ? Jas. A J Wadley told me that you had told him later than you had me to write him on the matter he had forgotten all about it, & said if there

who had the matter in hand at the Land Office had written to him he would have paid. Then there are Mr Church of Sheep Creek & Mr McMillan both of whom are in British Columbia & have left their land on a rental: the final of these I believe, on 1st November & the second at Sloan City.

I know your time must be very fully occupied, but I hope, with your usual courtesy you will be able to spare me a little on this matter.

Sir,

I beg to enclose a letter from R. Paling, of De Winton, Alberta, in which he states his desire to deed an acre of land, now held by him as a homestead, as a site for a church. He is prevented from doing so as he cannot acquire his patent owing to having gone security for some of his neighbors who received seed grain from the Government, and who have not yet paid for it. He raised the general question of the propriety ~~of this second~~ of this second security being asked, and I have discussed that with him. I suppose you cannot do any thing for him in that matter, but if any arrangement can be made whereby the acre which he desires to deed to the church could be released, it would be a good thing. Kindly see what you can do for him, and let me know.

Sir,

In reply to your letter of the 27th inst., addressed to the Commissioner, I am directed to say that certificate of recommendation for homestead patent in favour of Mr. R. Paling for the S.W. ¼ of 36, 21, 1, W. 5th M., was countersigned by the Commissioner on the 14th May, 1896, although it has not yet been delivered owing to the said grain liability incurred. Steps, however, will be taken now under the recent amendments to the Act to issue the certificate and patent subject to the said grain indebtedness. As matters stand, there is nothing to prevent Mr. Paling from executing a deed of the acre he desires to convey as a church site. The certificate will be mailed to Mr. Paling, in the course of a few days, but meantime he need not delay making out the deed.

The Interior

On the 14th July last a "Certificate of Recommendation for homestead patent" was sent to me. I have waited for the issue of the said patent but have not received it yet. Last week I called at both the Land Office & the Registrar's Office in Calgary & neither place did they know anything of the patent. I was sent from the Land Office to the Registrar's Office by the officials.

I want my patent because I wish to give one acre of land whereon to build a Church. Just before the prorogation of Parliament the Under Secretary of the Ministry of the Interior wrote to Mr F. Oliver, M.P. & told him my patent would be issued & I might proceed at once to give the land.

It is too bad to think I should be kept out from having my Patent when those for whom I stood bond for seed grain are much better off than I am, and I believe, could easily pay what they owe the Government if pressed.

Hoping soon to receive my Certificate & Patent.

Dear Sir

Some time ago I applied to you
at the extent to my land (NW¼ Sec 26
Tp 1 Rge 5th meridian) which was
held back owing to my being bond to
Ind Dept owing for seed grain. After
some corresponding we patent
was sent but still with the amount
of the seed grain marked against
it. This I found could not be allowed
etc. I wanted to give an acre of my
land on which to build a church
and donate to the Department of the
Interior to take if they could not
free this acre (the land bound of
which I sent to the Department)
from all indebtedness, I also the
other 159 acres to bear this debt
of what will now amount to between
80 & 90 dollars. This letter was
acknowledged & I was informed
that it would be considered & I
should hear from them in due
course. Although this happened
some weeks ago I have heard
nothing further.

I should be very thankful if
you could get this done for me.
By doing so you would oblige
many about here who wish to
have our church (which is in
course of building) free.

I am Sir
Yours truly
P Paling.

In this connection please see Mr. Rothwell's memo of 11th inst. beneath, from which you will see that draft form of release has been prepared, & all that it now requires, is the proper description of the land in question inserted. This land is described in Mr. Paling's letter of 16 Jany last under ref. 54963.

Mr. Paling's land is charged with the following sums indebtedness viz:
As surety on bond of 1879 by H. J. Church for £20. s.d. A. E. Wallace Lord for £ s.d. & (J.H. McMillan for £ s.d. each case from 1st April 96. Mr. Wallace Lord has since paid his indebtedness, and a discharge in same as against Mr. Paling's land is now with the A.G. for execution. Mr. Paling's land cannot at present be released from the mortgage, under the two other bonds, as Mr. Church's land was charged by him prior to the advance of the land described

J. G. Turriff, Esq.,
Commissioner of Dominion Lands,
Ottawa.

Sir,

I beg to enclose a letter which I have received from the Secretary of your Department in regard to the securities held against the homestead of R. Paling, N.W. 1/4 of 36-21-1-5, for seed grain supplied in '95 to H.E.Church and A.H.McMillan. As you will see by the letter, Church's land was patented to him before he received the seed grain, and the land upon which security was held from McMillan was never owned by him. On the face, it would appear that the relief contemplated by the Act of last session does not, under these circumstances, apply to Mr. Paling, as the Government holds no security against either Church or McMillan. I desire to raise this question, however. In issuing the seed grain to Church and McMillan the Government was in a position to have full knowledge of the value of the securities offered by these gentlemen. Mr. Paling was not, and, no doubt, took for granted that when seed grain was given them by the Government, the Government was satisfied that it held adequate security against them. He was therefore

APR 19 1900

House of Commons

Ottawa, 1910.

misled into going security for Messrs. Church and McMillan by the action of the Government which had the knowledge of which he was not possessed. If the grain was advanced to Church and McMillan with the knowledge as between them, the Government and Paling that Paling's homestead was the only security held by the Government for the advance of the grain, then Paling's homestead should still be held to pay for that advance; but if the advance was made, as I believe it to have been made, with the belief on the part of Paling, derived from the Government, that the lands of both Church and McMillan were sufficient security in themselves for the advance made, then the Government should not hold Paling as security, he having been led into the position by the mistake of the officers of the Government acting either under mis-information or with lack of knowledge. I am not acquainted with McMillan but as far as Church is concerned, he is as well able to pay as any man in the country, but has, I understand, removed to British Columbia, where he is practically out of Paling's reach. It appears to me that this is a case in which Mr. Paling is suffering from a very serious injustice not in any sense his own fault. It gives an opportunity for the Department to step in and straighten

392129

out a piece of work not at all creditable to their predecessors. I think it would be well to look into the matter from the point of view I have set forth.

Further to my letter to you of the 14th ultimo having reference to a list for $24.00, remitted you against the S.S. Dear Sir,

I duly received your letter of the 15th inst. covering one from Mr. William Tucker, of Lacombe, N.W.T., with regard to the complaint of Mr. Otto Flegal in connection with the payment of certain improvements on the N.W. ¼ - 34 - 41 - 26 - W. 4th M., for which he has taken entry. In reply I beg to state that it is a very difficult matter to come to a decision as to the value of the improvements in this case. I find in the first place that the original entrant, F. A. Williamson, placed the value at $100; Flegal, it appears feels the improvements are not worth more than $10, and the homestead Inspector on the other hand, values them at $75. From the statement contained in the latter's report, I do not see how it will be possible to ignore his valuation unless it were clearly shown that the same were excessive. It was distinctly understood, as far as I can gather, that Mr. Flegal should pay whatever valuation might be placed on the land by the Inspector, and the entry was granted conditionally on his doing so. Under the circumstances I do not

Ref.425012:

Ottawa, 9th November, 1898.

Dear Sir,

I am in receipt of your letter of the 18th ultimo, Ref.10937 on 9439, addressed to the Secretary of the Department, with regard to the value of the improvements on the North West quarter of Section 34, Township 41, Range 26, West of the 4th Meridian, now held by Mr. Otto Flurel, and in which you advise the Department that the Homestead Inspector, Mr. Thompson, still adheres to the valuation which he has placed on this land. I wish to state in this relation that I have no desire to question in any way the accuracy of Mr. Thomson's valuation, but as very strong representations have been made by numerous parties who would appear to be acquainted with the property in question, to the effect that the improvements made by Mr. Williamson, the former occupant, were not worth more than $10.00 at the time Mr. Flurel entered for the quarter-section, it will be necessary to be very careful in dealing with the case. I might point out that Mr. Williamson himself, in his declaration of the 12th April, 1897, valued his house at $15.00 and his stable at $10.00, whereas Mr. Thomson, on the

J.G. Jessup, Esq.,

Agent of Dominion Lands,

ac.

the 17th June, 1898, valued this same house at $25.00, but did not refer to the stable at all. If the latter had deteriorated in value to such an extent last spring as not to be worth anything at all, this would seem to lend some weight to the present holder's contention that the house was not worth very much either, as both the house and stable were built in 1895, the former in April and the latter in July. I just mention this to show how the facts of the case would appear from our file, and in order that Mr. Thompson may have an opportunity of supplementing his report with whatever further statement he may find it advisable to make in the premises, before I bring the whole subject to the Minister's attention for final decision.

Yours very truly,

Dear Sir,

Referring to my letter to you of the 20th September last, with regard to the complaint of Mr. Otto Pascal in connection with the payment of certain improvements on the North West quarter of Section 26, Township 1, Range 26, West of the 4th Meridian, for which he now holds entry, I beg to state that I have had this matter further looked into, and xxxx I do not see any way of ignoring the valuation of our officer, unless a direct statement is made that he has misstated the facts. You will readily understand that the Department, in matters of this kind, must be guided by the reports of its officers, and in this case I really do not see how the valuation of the Homestead Inspector should be questioned, as he declares that he visited the land and made his valuation with a full knowledge of the facts.

Mr Goodeve

One Philip Müller got an advance of seed grain during the Spring of 1890, which was secured by lien of 1890 — for $4.40 placed on the NE¼ 20-10 3 W 4th M. This indebtedness is still undischarged & Müller never made entry for the land on which the lien was placed, & on referring the matter to the Dep. of the Dom. Lands I am reported (see Ref 359354 on file 328 330) that Müller, with other German settlers located near Dunmore & who gave liens on lands for which they held no entry, contemplated moving to another district owning to failure of crops, & if they do take up homesteads an attempt would be made to make their seed grain advances a charge upon the land they enter for. As it is just possible that this "Philip Müller" and the "Philip Miller" as per file No. 61555 on file 420 are the same [illegible]

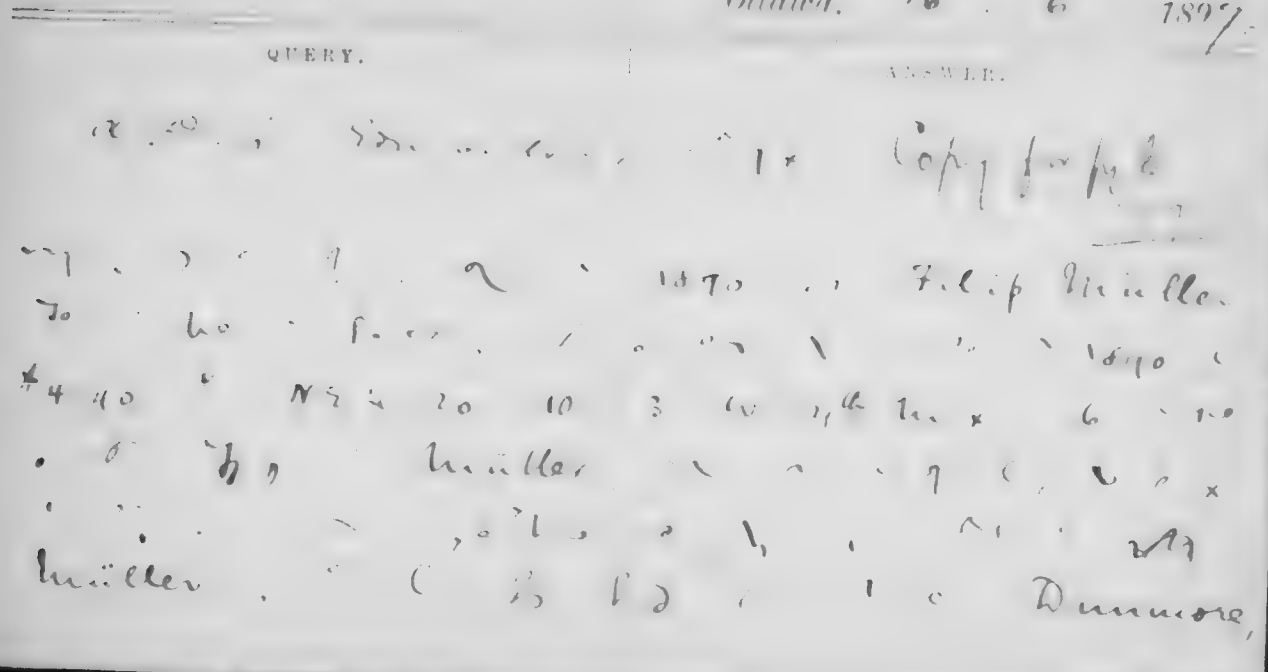

be advisable to ask the Secy of D.L. Board, as well as the A.D.L., Edmonton to enquire into this matter & report without delay, as preparation of Philip Miller's patent for sicily is stayed pending enquiry

S.W. ¼ of Sec. 12 Tp. 50 Rge. 27 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

Dear Sirs:-

The title to the above described property bears a memorandum of an indebtedness for seed grain in the name of Hans Larsen. It has no application to the Hans Larsen who was formerly owner of this property and the writer has a personal knowledge of the fact that Larsen when he acquired the property obtained a clear title without any seed grain memorandum, and that he has never lived on the land in question, and never received any relief from the Government whatsoever. In fact he is a wealthy local farmer. We should like to know what steps should be taken to have the encumbrance removed.

Re S.E.¼ 20-41-25 W.4th. J. Ward.

Duplicate Certificate of Title recently issued from the Registrar of Land Titles Edmonton in the name of the above party shows an encumbrance for Relief to the Crown, registered December 28th 1916 as D.F. 4876 T.L. The property above belonged to a customer of ours, Hans Larsen, who never resided thereon nor is any of the land under cultivation, and we are quite sure that this registration must apply to some other party by the same name.

What steps should we take to assist him to have it removed?

You are, therefore, hereby authorized and requested to remove from the said the S.E. 20-41-25-W. 4th M. the lien in question for $25.00, registered against it in error.

solemnly declare :—

That I made entry for the above mentioned lands, at the Dominion Lands Office at Calgary on the 3rd day of May 1894, and I now ask to have said entry cancelled, and to be permitted to take up another homestead, for the following reasons, viz: That it is now covered with a tangled mass of large willow brush the roots of which are so interwoven & grown together that it is impossible to work the land with any profit

Sir,

With reference to the letter from Mr. E. N. Higinbotham, dated the 10th instant, in the matter of the South East quarter of Section 30, Township 9, Range 25 West of the 4th Meridian, I am directed to inform you that so far as the records of the Departments go there is no difficulty known to exist in disposing of twenty acres, as asked for by Mr. Higinbotham, in connection with his homestead, but as the land patented to him as his homestead covers an area of 140 acres he cannot expect to get more than 20 acres free to make up the total area of 160 acres as a free grant, and pay for the other 20 acres at the current rate per acre, that is, $3.00. Mr. Pearce has been communicated with to ascertain if there is any reason known for the land to be held [redacted] for grazing purposes and if not, why Mr. Higinbotham's request should not be acceded to. On a reply being received from Mr. Pearce you will be further communicated with.

Sir:-

With reference to yours of the 29th ultimo addressed Mr. Frank Oliver M.P., Ref.No.40[illegible].843. I would say, that there is nothing to show what portion of the S.E.¼ of 30-9-25 west of the 4th Mr. Higinbotham desires and so far as I know, there is no reason why any portion of it might not now be disposed of. I find the following is anextract of a report made by me in September 1885:

"One Trollinger who now keeps a stopping place on Mosquito "Creek has taken this up and sold to Wood and Turner, both of the "Mounted Police, Wood now Editor of the Macleod Gazette; neither of them ever lived on it and quarrelled continually with Ryan upon "whose lease it was located. They evidently sold to Higginbotham after getting Higinbotham and Ryan together the matter was amicably settled. Higinbotham was to obtain L.S.2 and 7, the W.½ of 1 and 8 and all that portion of 3 and 6 lying south and east of "Willow Creek. Higinbotham is from Guelph, Ontario and has recently brought up some thoroughbred stock and seems likely to prove a good settler".

Higinbotham's pre-emption claim consisted of the N.E.¼ of 30 Denny was to furnish a survey so that the area could be calculated

calculated; but it was assumed that Higinbotham obtained the full 160 acres as nearly as possible. Subsequent surveys, however, showed that he only got 140 acres.. It certainly was the intention to give him 160 acres as nearly as the broken course of Willow Creek would allow. I may state, that usually in such cases a man who obtains 140 acres with a river front, is considered infinitely better off than the settler with the full 160 acres, but without a water front. I mention this to show what the principle adopted was in disposing of similar claims.

Memorandum.

Mr. F.M. Higinbotham received a homestead entry for a portion of the S.E.¼ of Section 30, Township 9, Range 2w, West of the 4th Meridian, on Willow Creek, containing 140.10 acres. During the last Session of Parliament Mr. Frank Oliver, M.P., received a letter from Mr. Higinbotham in which he claimed a free grant of twenty acres adjoining the land patented to him, in order that his homestead might be brought up to the full theoretical area of 160 acres. Mr. Oliver was informed by letter of the 30th May, last, that Mr. Higinbotham might acquire the remaining twenty acres of the said S.E.¼, namely, the E.½ of Legal Subdivisions and 8, twenty acres free to complete the acreage of his homestead, and twenty acres at the current rate of $3 per acre. Mr. Higinbotham now asks under date the 23rd ultimo that a patent be issued to him for the E.½ of Legal Subdivisions , and states that he has no wish at the present time to purchase any land. The E.½ of Legal Subdivision contains twenty acres, and I beg to recommend that the issue of a free patent in Mr. Higinbotham's favour for the parcel last mentioned be authorized by you.

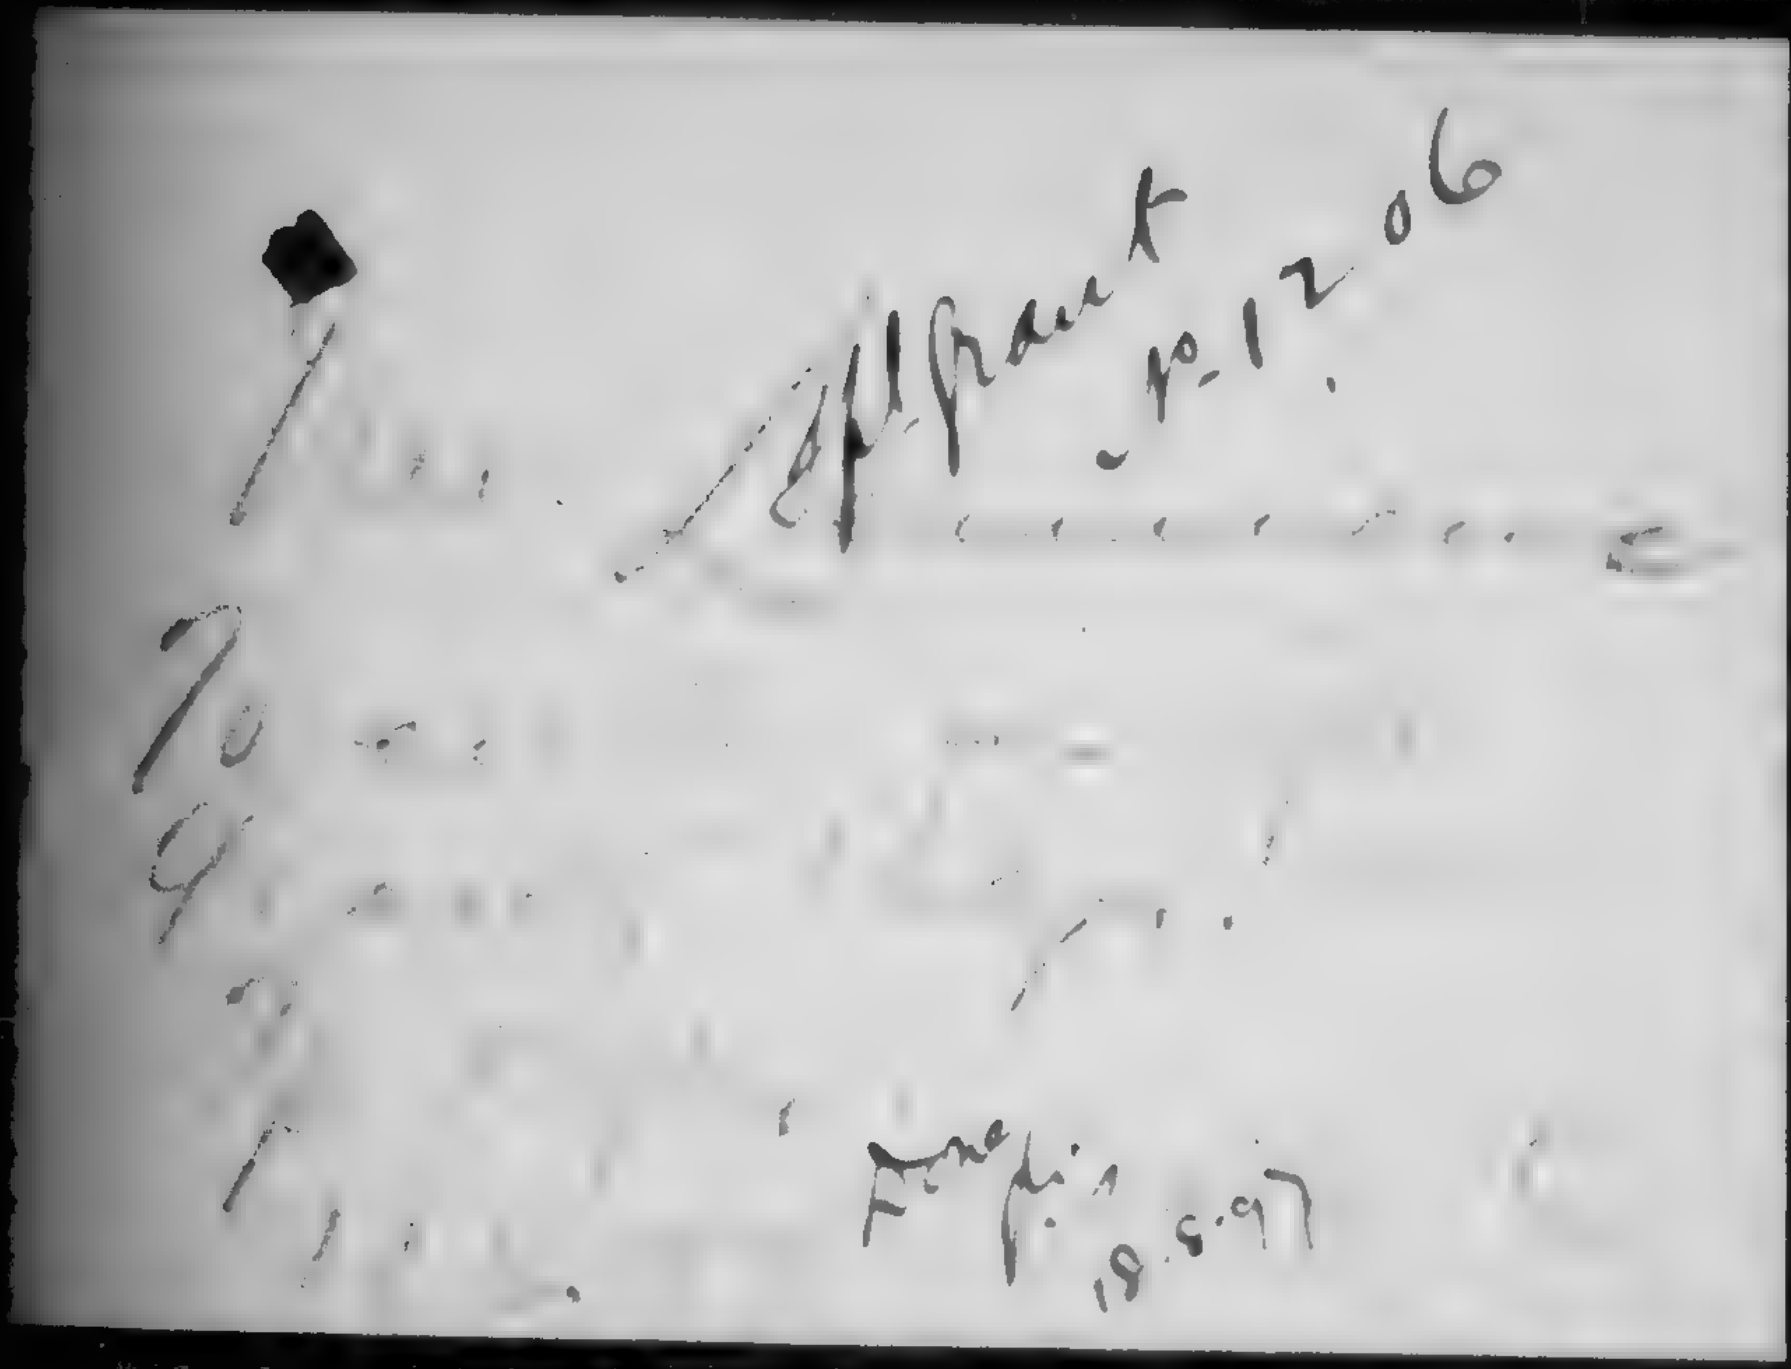

I may add that Mr. Supt. Pearce, in a report from his office under date the 13th May last, states that, "It certainly was the intention to give him (Higinbotham) 160 acres "as nearly as the irregular course of Willow Creek would allow. "I may state that usually in such cases a margin remains

A group of gentlemen here are endeavouring to acquire lands adjoining this and would also like to acquire this for the purpose of golf links and similar purposes; the lands having no value as agricultural lands, and for the purpose mentioned we beg to apply to purchase the portion of the legal subdivisions referred to.

PLEASE ADVISE

DEPUTY MINISTER
SEP 20 1912
Interior Department

The Honourable
Robert Rogers,
Minister of the Interior,
Ottawa.

Sir:-

I have recently been informed through the Land Office at Lethbridge that the west halves of Legal subdivisions 1 and 4 of Section 30, Township 9, Range 28, West of the 4th Meridian are vacant.

These lands are of no value for agricultural purposes, lying as they do in the river bottom, and a group of gentlemen here are endeavouring to secure title to the lands and would like also to secure them for the purposes of golf links and similar uses.

I have written to the Secretary of the Department formally applying to purchase the said lands and would be glad to have your personal favourable consideration of the application, and thank you in anticipation for doing so.

I have the honour to be

Your obedient servant,

Ottawa, September 24th 1912.

Memorandum,

I beg to return, herewith reference No. 7104 respecting the S.½ of legal subdivisions 1 and 8 of Section 30, Township 9, Range 15, West of the 4th Meridian, and to say that the E.½ of Legal Subdivision 8 has been disposed of as a Special grant to E.N. Hagenbotham [illegible] homestead entry for the balance of this quarter section, excepting the S.½ of legal subdivision 1. This last mentioned parcel is vacant in the records of the Department and if it is [illegible] to entertain the application, the Homestead Inspector [illegible] asked to furnish a report on the [illegible] thereon.

The [illegible] [illegible] have been informed of the [illegible] matter.

The Soldiers' application [illegible] Department, for the above mentioned land, is attached to the Secretary's file.

Respectfully submitted,

Ottawa, Ontario,
5th October, 1912.

My Dear Sir,-

Referring to your letter of the 16th ultimo, addressed to the Honourable the Minister of the Interior, with regard to your desire to acquire the East Halves of Legal Subdivision 1 and 8 of Section 30, Township 9, Range 25, West of the 4th Meridian, for the purpose of golf-links and similar uses, I beg to state that the East Half of Legal Subdivision 8 has already been disposed of as a special grant to the holder of the remainder of the quarter-section. The East Half of Legal Subdivision 1 is, of course, available, but as it only contains twenty acres, I doubt very much whether it would be of much use for the purposes which you have in view. However, if you think that these twenty acres would answer your purpose and you will so advise me, I will bring the matter to the Minister's attention on his return.

Yours sincerely,

Private Secretary.

J.L. LAND PATENTS BRANCH,

Memorandum.

With reference to your letter of the 9th instant, addressed to Mr. E.P. McNeill, respecting the E.½ of Legal Subdivision 1, Section 30, Township 9, Range 25, West of the 4th Meridian, I beg to state that it has been ascertained that this land was disposed of in 1905 to Mr. T.S. McLean of Macleod, Alta.

The sum of $15.00 being the first instalment in connection with the above mentioned sale, was made on the 24th July, 1905, but as this sale was subject to Mr. McLean filing an Abstract of Title, showing him to be the owner of the balance of the quarter Section, no entry of the sale was noted in the Township register, pending the receipt of such Abstract and the land was consequently reported vacant when Mr. McNeill's application was being dealt with. The Abstract in question was only recently received in the Department and the sale of the land has, therefore, been noted in the Township register in Mr. McLean's name.

Under the circumstances, it will be necessary to advise Mr. McNeill that the land applied for is not available.

Enclosure

Sir,

I beg to return herewith the application for patent of John Merrian, for the S.W.¼ 32--37--28, W. 4th M., which you have omitted to recommend. The certificate of recommendation, which bears your signature, is retained here.

I would point out that Mr. Merrian's preliminary statement, executed on the 23rd of July last, does not agree with his application as to residence. In the former document he says :-

" I have lived on the homestead about 6 months in each
" year between September and May, and of the time in
" 1898 and 1900, " whilst in a former statement, dated Red Deer, 1898, probably in May, he says :-
" Commenced residence in October, cultivation in June
" 1895. 1894-1895 Oct. until July '96 Dec. until June
" '98 Dec. Jan. Feb March Apr. May."

Although doubtless Mr. Merriam is entitled he has shown some uncertainty as to dates.

Your obedient servant,

Secretary

The Agent of Dominion Lands,

Red Deer, Alberta.

We only have letters in the records, if we had all letters are examined after the receipt of the report, the correspondence carefully examined, but every letter received from you during April last, was looked up to see if any reference was contained in regard to the payment of Half, or if not, to Mr. Justice Rouleau, for the assistance required to be rendered, or to any other evidence of the report.

No trace of any letter of this date was found, nor I am, therefore, to request you to send copies of the two missing letters or to write me that the two full sets of papers are in your.

Dear Sir,

In the case of Ephemeral 88 a certificate of irregularity was issued to the Hon Minister of Int- for Block - Mormon Plan in favour of [illegible] and whole he is now transferring. In this to be paid for the assurance fund all determined by the Inspector on the case that certificate, but I am unable to find any entry of any document which would indicate that value when the formal certificate was issued. There is no entry in the day book which I have examined for that which there is no reference number to mention on the certificate of anything whereby I can be ascertained on what authority it was issued except as the land was patented to the person that it must have been issued on an application which together the patent and the transfer to the huge should be forwarded to the office. I have had the files from the beginning

When I get the new filing case, for which I made a requisition this month, I hope to get the files in more systematic shape and [illegible] have them all gone through and re-arranged -
With regard to the Coulson Application the Judge says he sees on file about $20 to have the full requirements the Patent having issue to the extent of the collection been placed at $10.000 to cover expenses at to $10.000 and he is prepared to [illegible] Statutory declaration to that effect.
I presume under the circumstances this declaration dispenses with the deposit of $10 000 as the amount on which advances fees have been collected - Kindly instruct me in the matter.

Dear Sir

Referring to my letter of the 15th inst. regarding the registration of the Gilt Edge Judge Rouleau's fees I beg to add to what I said in that letter that Judge Rouleau has just handed me a cancelled cheque signed by himself in favor of T. A. McLean Esq. for $23.00 dated 8th Oct 1887. which is endorsed T. A. McLean."
This would appear to be no doubt from this that the Judges recollection is correct. The assurance fee on $10 000 would be $5.00 and the remaining $8.00 (including $3.00 registration fee) is a mortgage drawn in the day book as No 3

Please have these two files attached. I cannot understand why the letters of the 16th and 17th April last could not be traced. Surely they are indexed either in Judge Boulean's name and Registrar Harvey's name, or in both names, in your books.

You will see if you look at the memo. attached to file 43224[illegible], after Mr. Harvey's letter of 6th ultimo was received that searches were made for these two letters; and, by referring to the letter I wrote upon the 30th ultimo that the searches were fruitless.

Mr. Goodeve's memo. of the 14th instant to me shews where the letters were.

Memorandum.

Referring to your memorandum hereunder, I beg to inquire whether the Minister's ruling endorsed on your letter of the 8th April last to Mr. Frank Oliver, M.P., is to apply to the individual only who has exhausted his right to make another homestead entry or to members of his family. This question is asked because Mr. W.B. Gray, who has been permitted to acquire a quarter-section under the terms of this ruling, applies for the N.W.¼ 34--40--22,W.4, in the name ~~of his wife and family~~.

I may say that the land applied for stands in the records of the Patent Branch as a homestead in the name of Frederick A. Forsythe, who made entry therefor on the 7th June, 1895.

Comr of Domn Lands,

Honored Sir,

When I asked you last summer about a piece of land to build a Church on (?) you were kind enough to give me detailed information. As I know English very imperfectly I did not understand your "information" sufficiently, and you will therefore excuse me when I now turn to you in the German language and request answers to the following questions -

(1) Must the (congregation? or village?) be first inforporated before they can make application for such land?

(2) Have we to apply to the Minister of the Interior, or to the Dominion Lands Office?

The (Congreation or Village) at Red Deer Lake P.Off Wetaskiwin, Alta, wishes to build a church on N.W.¼ 40, S.W.¼ of 2--43--22 W.4th, and requests this piece of land. We beg that it may be "reserved" and that we be so helped that we obtain it. I beg to be excused that I thus turn to you, and remain

Sir,

I have the honour to enclose herewith a copy of a letter which I have this day mailed to Mr.C.McK.Dolmage who obtained homestead entry for the N.W. 20-40-22 W.4.M., on the 7th ult. I granted entry on the strength of your letter of the 17th of October last, No.371239, Ref.368354, as I had always understood that there was plenty of hay in the neighbourhood of Buffalo Lake. The Homestead Inspector, however, informs me that the hay in that locality seems to grow very much on Railway lands, and that the settlers there have been in the habit of getting their supply to a large extent from Section 20, He states also that a good deal of feeling has been aroused in consequence of their supply from this source being in a measure cut.off from them.

Sir,

In reply to your letter of the 21st ultimo, I am to inform you that the statement you filled in regarding your homestead, N.W.¼ of 20, 40, 22, West 4th M., was merely to show what duties had been performed and you will have to make application for patent on the proper form before a patent can be issued. If it is your intention to remain for some time in Scotland, your best plan will be to send here the full name and address of a Judge or Notary living in your present neighborhood so that the authority of the Minister may be obtained to enable him to take the evidence in support of such application. When this is received, the proper forms will be mailed to your address.

Your obedient servant,

Secretary.

Ottawa, 7th May, 1919.

MEMORANDUM:-

Mr. Hume.

S.W.1-20-40-22-W.-4th-Mer.
Vacant. Reserved for hay.

The reservation of this quarter was made on the 3rd of March, 1900. The Agent of Dominion Lands at Red Deer enclosed a list of lands under reservation, stating that with few exceptions, these lands would never become fit for agricultural purposes. The list was placed on file #3705676, and it would appear that a copy of the Agent's letter was placed on each quarter-section referred to in the list.

A report was received from the Homestead Inspector dated the 8th of June, 1918, to the effect that the nature of the soil was good, but that the quarter-section was comprised of 160 acres marsh or lake, and that "There is a lot of hay on this land but too wet to allow it to be cut. I would value this at $5.00 per acre." The question of making the land available was considered by the Commissioner, and it was decided to continue the reservation for the present.

Mr. Alexander Mather, a returned soldier who received homestead patent for the adjoining quarter section the North West of Section 20, asks that he be permitted to secure this quarter-section as a soldier grant. Kindly advise me whether the Agent may be instructed to post the land. The land is reported clear by all Branches, except Land Patents Branch, which reports it reserved for hay, quoting file #530832.

I think a copy of Mr. Alexander Mather's letter should be sent to the Soldier Settlement Board re procedure necessary to secure a Certificate of Attestation.

I Friedrich Schulz from Wetaskiwin, Alberta wishes to get information in the following matter. In the beginning of April I cancelled the following land, S. W.¼ Sec. 10, Tp. 43, R. 22. W. 4th M., said land was before owned by John Scheverman, said person went to Calgary 3 years ago and never lived upon the land, his father broke 11 acres of the land and this spring he wrote that he would never come out upon his Homestead, but as soon as he got news of my cancelling the land, he wrote to Ottawa that he wished to keep the land, but this is only a false pretext as the said John Scheverman has sold his right to said land to one of his relations by name Heinrich Scheverman, and John Scheverman will never come out upon the land, he has written his father to that effect. Hoping for early information in the matter, I remain,

There was a house and stable on it which were destroyed by prairie fires in the autumn of 1895. He John has been working on the C.P.Ry. for some time ,finds himself unable to complete his Homestead duties , and desires to abandon and that his cousin Henry should obtain it without paying anything for his improvements . Office of the

CALGARY, ALTA..
7th September 1897

Sir:-

Enclosed find copy of a letter by me addressed the Agent of Dominion Lands at Edmonton dated the 25th of August last. The declaration mentioned in the 3rd paragraph of that letter was forwarded you, if my memory serves me right. As this is a matter wholly within the Edmonton Agency I neglected keeping a copy of it here or if I did, I am unable to find it. I am advised by letter dated the 2nd instant from the Agent at Edmonton that he has not yet received the declaration of abandonment alluded to in the 3rd paragraph and he further advises me that one Frederick Schulz has applied for inspection of the said S.W.¼.of 10-43-22 west of the 4th Mer. and adds:

".....I assume that in writing his letter of the "20th July last, addressed to yourself, the Commissioner had this "application in mind and decided that the equities of the case "warranted the Department in ignoring it"

If you have that declaration of abandonment please forward it to the Agent with instructions in the premises. If you have not it, I will try and get another one from [redacted] Scheierman. I presume, however, that the Agent is right in not entertaining Scheierman's application; but if you conclude differently, please advise him accordingly.

I am, Sir,
Your obedient servant,

Dear Sir

I, John Lawson, hold the E½ S.W¼ Sec. 22 Twp 4 Rge 2 W 4th Mer. a pre-emption for one year and did leave a house on the said land when I abandoned the same. Said House was suddenly removed one night in the Month of June 1897.

Now is the said house built & occupied on the homestead of Wesley Hancher NE¼ Sec 4 Twp 4 Rge 2 W 4 M. which can be proved by a number of persons who have seen it and can testify the same on the oath and building material.

Such will seem to be bad conduct on my part I believe, and I will therefore ask you to have the goodness to this particular case in my favour and I hope you will see me same in consideration and take such precautions as you may think fit and consistent with Law and Order.

Dear Sir

Helen Hulett of Stoney Plain who is the owner of homestead SE ¼ of 22-52-1-5 wishes to know the area of land upon said ¼ section. She says there is a lake upon it which reduces the area of her homestead by about 80 acres. And she considers it a hardship to pay taxes upon a full 160 acres under the circumstances.

The original surveyors maps at the Edmonton Lands office show the lake but do not specify the land area kindly have the matter looked into and inform me as to the ruling.

Yours truly

Sir,-

In further reference to the Assistant Secretary's letter of the 21st April, 1911, in connection with the lake on the southeast quarter of section 32, Tp. 52 - 1 - 5, Mr. H. C. Turner, D.L.S., was instructed to survey this lake last year, but owing to the pressure of other work he was unable to make the survey.

Instructions were issued to Mr. Turner again this year. Upon further enquiry, however, it is found that the lands in section 32 have passed from the control of the Dominion. The survey of this lake is accordingly not one which should be undertaken by the Department of the Interior and Mr. Turner's instructions for this work have been cancelled.

In further reference to my memorandum of the 2nd Nov., file 2352621 herewith, Mr. R. C. Instructions were issued to Mr. Purser again on the 27th June, 1912. From recent information received from the Patents Branch, it appears that the lands in section 22 have passed from the control of the Dominion and therefore the survey of this lake is not one which should be undertaken by the Department of the Interior. Sir ;

Entry was granted on the 24th instant to Mr. Wm. Henry Rice of High River for the N. E. ¼ of 28 - 18 - 29, west of the 4th, the former homestead of A. N. Davies. An entry and cancellation fee of $ 10.00 each was charged Mr. Rice. Also $ 23.00 for 23 ~~xx~~ acres of breaking. Mr. Rice was not aware when he left home that he would require to pay the $ 23.00 breaking and only brought the Homestead and cancellation fee ~~with~~ with him, namely $ 20.00. He said he wanted the land and wanted the entry put through and might possibly be able to pay the $ 23.00 in a day or so and perhaps not for a ~~week~~ month. He may have to sell some cattle to raise the money but at all events he would undertake to pay the amount within a month so I put the entry through, issued the homestead entry receipt but I am holding it here until the $ 23.00 is paid which I have no doubt will be paid within the time mentioned.

INTERIOR DEPARTMENT CANADA. MAY 23 1914 REGISTRATION BRANCH

I am in receipt from you of application and statement from S. 1/2 3. Twp. 32 Rge. 1 W. 5th., to purchase the said land under the provisions of the Dominion Lands Act, and in connection therewith have to inform you that the land applied for does not appear to be open for entry in consequence of the timber thereon. Should you desire to purchase the timber on this quarter section, you will please make application to this office for the same, and when the timber has been cruised and the value thereof determined, you will be notified of the amount to be paid. If you do not wish to purchase the timber, but desire to purchase the land, I would suggest that you withdraw your application, as I have no authority to grant a settlement for you on leased land, and consider it unnecessary to forward the fees connected therewith. If I do not hear from you to the contrary within one month from the date hereof, I will assume that you have withdrawn your application, and will cancel the same.

I am,

Your obedient servant,

Agent.

Mr Ball further sks that in case he is unable to save enough money in the period of reservation to pay for theimprovements and the seed grain which is charged against the land ( $39.50 ) both of these sums may stand as a charge against the said land for a reasonable time , say a year - to enable him to pay without too serious inconvenience .

S.W. ¼ Sec. 22 Tp. 52 Rge. 25 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Dear Sirs: Re: Elmer Reid, R.R.2 Westlock, Alberta

Mr. Reid is anxious to establish his age and is having a rather difficult time for the reason that he was born in Ontario before they issued birth certificates and all his other records were lost in a fire some years ago.

In the month of December 1894 he filed on the S. W. 22-53-25 W4th in the Land Office Edmonton. He never proved up on this quarter, he abandoned it and it subsequently went to a man by the name of William Bell who received his patent on the 8th of August, 1901. If Mr. Reid could get a duplicate copy of his receipt for the $10.00 that he paid your Department when he filed on this quarter section, it would assist him greatly in proving his age as he was over 21 at that time.

He has consulted the office in Edmonton and they advised him that all the records were sent back to Ottawa. We would appreciate very much if you could locate this old receipt and send us a duplicate copy as soon as possible, and oblige.

Sir,

In the 21st Apl , last , you were advised of an application to cancel the existing entry for S W¼ 16 51 23W4M, The homesteader , Geo. F. Burrows called upon me today . He says that his wife and family have been in constant residence ( excepting one month ) since Feb. 1895 ; and that his own frequent , and long, absences have been occasioned by the necessity of going abroad to earn money for the improvement of the homestead and the support of the family .

The report has been so long delayed , and the merit of the case is such, that I have decided to send the papers to you , lacking the report. I have satisfactory assurance that Burrows statement as to the residence of his family is true , and as I am satisfied that he is struggling along and doing his utmost to make a permanent home for himself and family I venture the hope that you may be disposed to decide the case on the evidence herein afforded . Burrows is about to return to Revelstoke , B . C . where he expects to receive employment as a carpenter , and I have promised to represent the case to you and to request that his entry may be protected , during his necessary absence, so long as the family remains in residence .

DOMINION LANDS OFFICE,

Edmonton 12th December, 189

Sir,

Referring to the copy enclosed of your letter of the 23rd April last, 425936, I beg to say that Mrs Sarah Burrows has called upon me and has explained that owing to her husband's desertion it is very desirable that she shall be allowed to make an entry for the S W ¼ 16 51 23 W 4 M. It appears from her statement (which is unquestionably true) that altho she andher young daughter (aged twelve years) have been in constant residence since February 1 93 her husband has but little upon the place and has not been there at all since I wrote you in July 1897. He (Burrows) is supposed to be now in British Columbia or the United States. His wife has not heard fr from or of him since August last and has some reason to suppose that he has taken steps to obtain a divorce in Washington. She says that there is no likelihood of his return and that if he does not do so, she will herself ask for a divorce; that he has never supported her and the child for the past 4 years or more and that she is herself destitute at present and has been for some time past, upon her own exertions solely. She and the child have been in constant residence since February 1 93. She has two cows, a stock of poultry and a horse and contrives to get along pretty well with this means and what small crop she can grow on shares.

This would appear to be eminently a case fo the Minister's consideration to which I beg to recommend it.

Madam,

Having satisfied me by your declaration that your husband had deserted you and that you felt sure that he would never come back on account that you would not live with him any more , bad beaviour, etc.; I have the honour to inform you that I am now authorised to grant you an entryfor the S. I would be pleased if you could come and make this entry at your earliest convenience, which I have no doulbt you will do on account of the anxiety you showed in the above mentioned declaration..

The entry fee in this case will be only $ 15.00 , not collecting for the improvements that your husband might have made, and others made by yourself.

DOMINION LANDS OFFICE,

Edmonton , 11th November , 1893.

Sir ,

Your refere .ce n0 425936 .

Mrs Sabah Burrows has call-
e. at the office to say that she fears she cannot undertake to
accept a homestead entry for the S.W ¼ 15 - 51 - 23 - W 4 M ;
she is at present suffering from rheumatism and says that she
is compelled to bring her young daughter into the town ; she
requests that in consideration of her disability the Depart-
ment will be pleased to permit her to sell the improvements
upon the homestead either to some one who shall remove them or
to whoever may next obtain an entry for the land : the improve-
ments comprise a small house and stable , a little fencing and
a garden , well cultivated , one acre in area .

I imagine that ,
with the exception of the garden patch , the improvements in
question may properly rank as chattel property ; but , in any
case , I beg to recommend the application of Mrs Burrows to
the favorable consideration of the Commissioner .

Local Agent of Dominion Lands for the District

I recommend the acceptance of application for Patent, believing that the homestead requirements of the "Dominion Lands Act" have in this case been complied with.

Winnipeg 9th March 1897.

Commissioner.

The application for patent of Alcide Guertin under the Two Miles Radius Clause, shows that the cultivation has been done in an irregular manner, as follows;-

Year

Broken

Cropped

This is a case where the equitable requirements of the Dominion Lands Act have been fully complied with, but as there is a technical defect which prevents me from approving the application in the usual way, consistently with a strict literal interpretation of the law, I submit it with a recommendation that under the circumstances a special patent shall be allowed to issue in favour of Mr. Guertin.

The Agent of Dominion Lands at Peace River has forwarded here your declaration of the 23rd ultimo, requesting permission to secure entry for a second homestead.

In reply I am to advise you that when making application for patent for the above land you claimed residence on the north west quarter of Section 26, Township 85, Range 23, west 4th Meridian, and I am, therefore, to advise you that visibility residence cannot be counted to your advantage until after the date of entry.

I might also point out that according to your application for patent no cultivation was performed until 1923. You will, therefore, understand that your residence was not completed as claimed in your declaration about the fall of 1923.

Under the circumstances it is regretted that your request for a second homestead entry cannot be further considered.

Sir,

Re S.W.¼ 26-55-23, W.4th M.

Referring to your application for authority to secure a second homestead entry, I am to inform you the regulations provide that only those settlers who had completed the settlement duties required by the terms of their first entry on or before the 2nd June, 1889, are entitled to the privilege of a second homestead.

In the interchange of correspondence on the subject of your obtaining a second homestead entry you claim to have completed the duties in about the year 1889 but your claim has no foundation inasmuch as you could not perform settlement duties in connection with a homestead entry until you had attained the age of eighteen years. It would appear that you were born in the year 1874 and, therefore, did not attain eighteen years of age until 1892, after the time the privilege of a second homestead entry had been withdrawn.

Under the circumstances, you are not entitled to a second free homestead and your request for authority to obtain another entry cannot be granted.

Memorandum.

Department of the Interior,
Ottawa, 17th July, 1897.

Respecting the application of Mr. Christopher Bentick, a German settler, to homestead the S.W.¼ 12--5--30,W., upon which, he states, he has some improvements, I beg to report that the Agent of Dominion Lands at Lethbridge was informed by Mr. Superintendent Pearce by letter of the 23rd April last, with regard to Mr. Bentick's application for the land in question, that he (the Agent) had already been instructed not to grant Mr. Bentick entry for this quarter-section, as the land was within the area applied for by The Alberta Ranche Company in connection with the surrender of its lease. The Agent was also referred to a letter addressed by Mr. Pearce to the Commissioner on the 21st May, 1896, a copy of which had been sent to him (the Agent). In letter last mentioned it was stated that the Alberta Ranche Company had applied to purchase this quarter-section, but its request had been refused because the land had been recommended for stock-watering purposes. It was also suggested that it might be retained for hay purposes without interfering with its usefulness as a stock-watering reservation, as it was valuable only in the Winter time, being a Winter and not a Summer ranche.

Mr. Richard Duthie, Manager of The Alberta Ranche Company, in a letter addressed to Mr. Pearce on the 19th May, 1896, a copy of which is on fyle 292919, says, among other things, "A German who gives his name as Christie Benedick has tried

Jas. A. Smart, Esq.,
Deputy Minister of the Interior.

"tried to take possession of the S.W.¼ of 12-5-30 west 4th M,
"which quarter section I understood you to say would not be
"open for settlement, you suggested it could be leased and if
"leased, the fence should be removed in fall. This would be,
"I think a most sensible course, as it is one of the most de-
"sirable places for shelter and feed for stock and they crowd
"in more thickly in stormy weather. I laid these facts before
"the German and he promised to do no more (he has about two
"acres broken) but simply wished to put in a garden there until
"he could look around. Whether this is his intention or not
"remains to be seen and I shall keep my eyes upon him and let
"you know if he continues his farming operations."

This quarter-section has not been reserved By Order-in-Council for stock-watering purposes, nor has it been included in the one-tenth of its leasehold which The Alberta Ranche Company has been permitted to purchase. A copy of the plan of survey of this township is hereto annexed.

Sir;-

See yours of the 16th instant Ref.# 43.295 re the S.W.¼ of 12 - 5 - 30 west 4th Meridian.

The Alberta Ranche Company applied to purchase said quarter section. The greater part of it is within the lease-hold of the said company, their request was refused because it had been recommended for stock-watering purposes. There is considerable hay on it and further, a very large portion of it could be converted into a valuable hay meadow at a slight outlay. The question then arises, whether it could not be retained for hay purposes and its usefulness as a stockwatering reservation not be interfered with. As a stock-watering reservation it is valuable only in the winter time. This being a winter, and not a summer range. It could be fenced in the summer time so as to protect the hay and with the wire removed in the winter vrom off the posts, its value as a watering place not impaired. It was offered as a lease to the Alberta Ranche Co. under those conditions and possibly it may be taken by them. If not, I have no doubt it would accepted by some other party if offered under the same conditions. At all events, it is not open for disposal at present.

present.

I enclose with this copy of a letter bearing on this case recently received from the Manager of the Alberta Ranche Company, than whom there is no better authority, nor any one more reliable, truthful and fair minded.

I have kept your office posted on all the steps taken from time to time and which are yet going on in connection with the winding up of the lease matters, would have taken more time than I have at my disposal and further, unless you had some one specially qualified to look after it in your office, not only would it not have been of value; but on the contrary misleading. With all my knowledge of the people and the district, oversights are frequently occurring, hence my request repeatedly made, that until the lease matters and stock-watering and shelter reservations are finally wound up, all applications for land in the stock district should be referred to me for report before action is taken.

I am, Sir,

Your obedient servant,

Superintendent.

PINCHER CREEK. ALTA''

19th May 1886

Dear Mr.Pearce:-

The copy of letter dated 8th May re-
ceived. You were perfectly right in stating that the Al-
berta Ranche Co.have no objection to Mr.Thibeaudeau acquiring
that quarter section and he could have obtained permission
long ago had he asked for it.

A German who gives his name as Christie Benedick has
tried to take possession of the S.W.t.of 12-5-30 west 4th Me
which quarter section I understood you to say would not be
open for settlement,you suggested it could be leased and if
fenced,the fence should be removed in fall. This would be,I
think a most sensible course,as it is one of the most desir-
able places for shelter and feed for stock and they crowd in
there thickly in stormy weather. I laid these facts before
the German and he promised to do no more (he has about two
acres broken) but simply wished to put in a garden there un-
til he could look around. Whether this is his intention or
not remains to be seen and I shall keep my eyes on him and le
let you know if he continues his farming operations. This is

the same man who I told you was occupying the shack on the
abandoned Albert place. This shack is on the N.E.corner of
N.E.t.2-5-30where there is also a very fine spring. This
spring was reserved by Mr.Thompson as a water right. You wil
understand that cattle in obtaining water frequent these land
and it would be a pity to allow these S.W.t.of 12 to be home-
steaded. And as the N.E.t.of 2-5-30 (on which is Albert's
shack)is reserved as a water right and as owner of shack is
away,it would be a good idea to have it removed,as it harbours
these would-be settlers and keeps cattle away from water in
winter,in the summer there are few cattle there,but it is the
very heart of their winter range. I should think the police
would be the parties to remove it,and if they need any help
the stockmen would give them all the help they want. These
are simply my ideas but I think you will agree with me in
them.

Sg. Richard Duthie.

Sir,-

- Re S.W.¼ 3-[illegible]-W.4th - Application [illegible] C.a n.-

We beg to acknowledge receipt of your favor of the 30th Ult., Reference No.4:6135, in which you state that it is the intention of the Department to issue patent in the name of Vincent Scully for the mines and minerals under the above mentioned land and ask if there is any objection on the part of the Calgary and Edmonton Railway or the Calgary and Edmonton Land Company, to such action being taken. On behalf of the Calgary and Edmonton Land Company, we beg to object to patent for the mines and minerals being issued to Vincent Scully, the surface of the said land only having been sold and paid for at the usual price of agricultural lands and subject to the express exception in the agreement of sale reserving the "mines, minerals, coal or valuable stone in or under the said land".

The Certificate of Title as issued for the surface rights and excepting the mineral rights, was accepted by the purchaser Scully, who was well aware that he was not entitled to the mineral rights. Our assignment files in the Department apparently did not contain the reservation of mines and minerals in as the patent issued to the pur-

Re: C.& E. Subsidy Grant
S.W. 5-9-26 W.4th Your File ~~426185~~

Dear Sir:

We have your letter of May 29th with its enclosures and advice that this underrights patent will issue to Vincent Scully as the nominee of the Calgary & Edmonton Railway Company.

We are instructed by the Calgary & Edmonton Railway Company to advise the Department that Vincent Scully is not the nominee or assignee of the Railway Company with respect to these minerals, patent for which should therefore be issued to the Calgary & Edmonton Railway Company. We would therefore respectfully ask that no further action be taken by the Department until say August 1st next in the direction of issuance of patent to these underrights to any other than the Calgary & Edmonton Railway Company. By the date named, we shall hope to have submitted to the Department complete proof of our client's claim so that underrights patent may issue accordingly.

The request for patent, copy of which you enclosed, was intended, we submit, by all parties concerned, as limited to the surface. Vincent Scully was our client's purchaser under Agreement expressly reserving the mineral rights. We can produce the original of this Agreement for the Department's inspection. At the time request for patent was made, the Crown disputed our client's rights to the minerals, which was only settled by the judgment of the Privy Council (1904 Appeal Cases, Page 765) but the Department received and acted upon the request as not extending to the minerals, and so far as we are aware, the surface patentee has never made any claim thereto. Certainly no proper claim could be made by him in the face of the express conditions of the Agreement of Purchase.

If the Department is not prepared to concede our client's claim to the minerals forthwith, we shall hope to be advised by return that the matter will stand in its present position meantime.

Yours truly,

MUNSON ALLAN LAIRD DAVIS HAFFNER & HOBKIRK,

In reply to your letter of the 8th. inst., F.426244 I beg to say that on receipt of your letter of the 13th. of Jany. last I called on Mr. Maxwell Donaldson a brother of Mr. James A. Donaldson formerly of Lethbridge but now residing in the East, and asked him if he knew whether, or not, his brother desired to keep the S.W.¼ of Sec.31.- 9.- 20. W.4th. I suggested to Maxwell that he write his brother on the subject and let me know the result, and through waiting a reply I overlooked answering your letter.

Maxwell now states that his brother James A. Donaldson does not intend to pay for the land in question.

Sir

I am taking the liberty of writing you in regard to the W ½ of Sec 31 Twp 9 Rge 20 West of 4th Mer. Upon the 17th of 1904 Mr. Martin who was then Dom Agent here forwarded Homestead Entry papers stating I had selected either to purchase or Homestead the above quarter section I received an answer from you that said it was not open for Entry But he gave to understand that at some time it would be thrown open & I should have first chance of same. Now the Land has been opened and many to me misinformed - are to the Homestead of Odd numbered sections in adjacent Sections namely the Odd Sections & pre-emptable have taken - & has no Homestead as it was understood by me & the Odd sec's would not be thrown open for

presumption were taken up which would be
up to the 15th of Sept it entirely threw
me off from this has been a sad
disappointment to me after waiting so
so long as I have and not being advised
correctly as I always had the idea that
I would have had just a year of
Homestanding on account of applying before
any one else as there was no one after
the Land then

Now sir if you could consider my
application at that time and always looking
forward to having that claim allow me
any liberty over any one else you
would greatly favor me by doing the
same

Hoping this will meet with your approval

Sir,

I have the honor to be engaged
in ranching. I am the owner of [illegible]
Grand Commander Mine Claim No. S.W. 4-21-7-20-4.
I have built a frame house 14' x 24'
[illegible] I also procured
the materials for fencing and had them delivered
on the ground.

(on Nov. 7th) I began to stay on the homestead
[illegible] continuing till the 23rd. On Mar. 12
I began again to stay at homestead at nights.
I went the 13th. I saw in the paper a new pamphlet
[illegible] [illegible] [illegible] [illegible]
[illegible] [illegible] sleeping on homestead by a man en-
gaged in any other occupation than agriculture would
work for [illegible] the homestead duties. I then built my
[illegible] [illegible] [illegible] [illegible] fenced up the
[illegible] [illegible] [illegible] [illegible] and on mar 27th moved
[illegible] [illegible] [illegible] family here and on the homestead we have
[illegible] [illegible] ever since. With our own
[illegible] [illegible] and seeded fifty
[illegible] [illegible] [illegible] [illegible] [illegible] [illegible]
acres of wheat. We have put up two
miles of fence, four wires high and built a drive

shed - 14' X 12' at end of stable -

How have I stand with regard to homestead duties for the first year? I think that, in consideration of the fact that I have lived on homestead from Nov 7th to Nov. 23 and from Dec. 26th and that my family came on the 21st of May I have complied with the requirements of the homestead act, the building of the shanty and that we have lived there ever since, that our first years duties were performed Sept 1, 1909.

I believe that though we are surrounded by neighbors who could have homesteaded the quarter sections leaving their farms, we have the honor of being the only family with the very whole -

I think some consideration should be given to the fact that for the last [illegible] years I have interested in a wheat ranch here, managing the business and running a ranch of three sections [illegible] and for [illegible] years I have farmed [illegible] and have [illegible] that I have [illegible] and half [illegible].

I have eighteen [illegible] and a good [illegible] implements for farming.

[illegible] and I think about [illegible].

We are anxious to fulfill the [illegible] and

would like to know what standing the Department will allow us, during [illegible] performed as I have stated.

With reference to your letter of the 29th of September last, respecting your homestead, the South East quarter of Section 21, Township 9, Range 20, West of the 4th Meridian; I beg to say that it is gathered from the statements made by you that you claim six months' residence up to the 1st of September, 1909, besides having certain improvements.

According to Section 7 (page 6) of the Regulations now in force, a summary of which I enclose herewith, a married man can absent himself from the homestead each night for a period of six months in the year while following elsewhere through the year a calling other than agriculture provided that his family are living continuously on the homestead during the period mentioned and that such homestead is his own sole place of abode.

If your statements are correct there would appear to be no reason why you should not absent yourself for the remaining six months in the homestead year, which counts from date of entry.

The survey was approved on the 1st October, 1887. You will therefore see that when the land came into the market Mr. Wilson was debarred fro making entry, in accordance with the provisions of the law in that behalf, by the fact of the land being within the lease to the Stewart Ranche Company. The provisions of the regulations under which this lease was granted were however carefully restricted, and I think that he should not be allowed to exercise the right of second entry.

LETTER No. 10,917

REFERENCE No. 8833

35984

Sir;-

Regarding yours of the 31st ultimo 329.165 on 294.963 addressed the Agent at Calgary, I beg to direct your attention to mine of this date addressed the Land Agents.

It was decided not to make any general reservation in entries for right-of-way for irrigation ditches; but in this case where the right-of-way survey was made, title to the land was wholly vested in the crown unaffected by any entry and the Calgary Irrigation Company would no doubt prefer to obtain its right-of-way title deed direct from the Crown, any other course would mean delay and costs to it and there is no reason why the company should not. If title were not vested in the Crown, it should have been by reason of report of Home Inspector made nearly two years ago.

As to the strip one chain in width from off the east side of said quarter section, that is done to obviate if possible the establishment of a trail which would badly cut up Sec.11 and 12 in this township also secs.7 and 8 in the township to the east. If it cannot be obtained without purchase, the Calgary Irrigation Company probably would desire to purchase rather than have an inconvenient trail established across the portion of Sec.7 owned by it.

Sir,

I am directed to acknowledge the receipt of your letter of the 20th ult. o, applying for permission to make homestead entry for the S.W.¼ of Section 1, Township 24, Range 4, West of the 5th Meridian, which land still stands in the records here as a homestead in the name of Philip W. Pomery, and to state that as all cancellation proceedings are instituted by the Commissioner of Dominion Lands at Winnipeg, a copy of your letter is being sent him with the request that he will take the necessary action in the matter, and, if possible, make the land available. You will be advised by the Commissioner of the decision which may be arrived at.

Sir,

With reference to the S.W.¼ of Section 2, Township 24, Range 4, West of the 5th Meridian, it is noticed that in obtaining a seed grain advance in 1895, Richard A. Allan describes this as his land, but does not appear to have any title to it. Possibly your records may shew the correct description of the land which Mr. Allan occupies, or if not the Homestead Inspector might make enquiry when next in the neighbourhood for this purpose.

The Local Agent at Calgary has referred here an application from Mr. Christopher Duke to purchase his homestead, the S. W. ¼ of 2, 21, 4, West 5th, at the price of $1 per acre. The Homestead Inspector reports the improvements said to consist of one and three quarters miles of post and wire fencing worth $140. No residence has been put in. The Inspector says that one hundred and five acres of this quarter section can be irrigated, the balance being fairly good soil covered with thick willow brush, which would cost about $ per acre to clear. He values the land as it stands at $1.2 per acre. Will you please inform me whether Mr. Duke may be allowed to purchase at the Inspector's valuation.

DOMINION LANDS OFFICE, FEB 22 1899

Calgary, 17th Feb., 1899. 187

Sir;

Referring to your communication of the 17th ultimo, File 426260, regarding the S.W.1/4 of 2 - 24 - 4, west of the 5th, I have the honour to inform you that Mr. Christopher Duke, the Homesteader, called at this office to-day and made a declaration of Abandonment of the land in question which I herewith enclose. Mr. Duke desires permission to make another entry at some future time. Mr. Duke also paid into this office the sum of $ 47.40 being first payment of 151.67 acres at $ 1.25 per acre.

Regarding the Declration of Abandonment and permission to make another entry at some future time - do you not think that the fact of his being able to obtain the land at such a low rate, he forfeits any right to another entry. However from the correspondence it would not appear that Mr. Duke was sold the land at the reduced rate in lieu of residence but upon the report of the Homestead Inspector, who stated that the land was not worth more than $ 1.25 per acre. The land has this day been cancelled in the books of this office and the sale put through.

Dear Sir:-

In 1895 Richard A. Allen received a seed grain advance advance as per the following statement:-

| Principal | Int. to 31-7-38 | Total |
|---|---|---|
| $20.50 | $45.45 | $65.95 |

He gave as security a bond quoting the above described land, his entry for which was cancelled in August of the same year. In 1924 an effort was made to locate Mr. Allen, but no information could be obtained as to his whereabouts.

As there is no security, the account is referred to the Board for adjustment.

Dear Sir:

Re: S.W. 2-24-4-W3th,

Dominion Seed Grain.

In the year 1895 the above party obtained seed grain advance from the Dominion Government in respect of which no repayment has been made, and the account now stands as follows:

| | | |
|---|---|---|
| Seed Grain Principal | $ 20.50 | |
| Interest | 45.45 | $65.95 |

The Department of Lands and Mines at Ottawa reports that we have as security a homestead entry for the above described land, his entry for which was cancelled in March of the same year. In 1924 an effort was made to locate Mr. Allen, but no information could be obtained as to his whereabouts.

There is, therefore, no security for this account, which I would recommend be written off in it's entirety.

Sir,

Would suggest that a report as to the quality of the land applied for ~~obtained~~ viz. the W.½ & N.E.¼ 10-9-2 W. 5th. I think that excepting a portion of the N.E.¼ the balance is as asserted rough and only fit for pasturage. The applicant owns the S.E.¼ of this Section is engaged in stock industry and for those purposes desires to fence the Section to protect it for winter feed for calves and weak stock.

The application does not reveal it: but in a personal interview he claimed that $1.00 per acre would be payable for the land, hence have suggested the inspection.

Please advise him of receipt of this application and the probable action and send us a copy of same.

Ref.426618.

Ottawa, 18th April, 1901.

Memorandum to the Commissioner
of Dominion Lands.

Mr. W. F. Smith, of Livingstone, wishes to purchase the W.F.½ Section 10, Township 9, Range 2 West of the 5th Meridian, the land adjoining his homestead on the S.E.¼ of the same section.

Mr. Smith applied in 1900 to purchase this land, and an inspection of it was ordered, but apparently no report has been received. In the meantime Mr. Smith was granted a lease, and has paid up the rental thereon to the 1st January, 1902.

The quarter section is clear in the records here, & if also clear in the Agency books, I see no reason why it should not be sold to Mr. Smith, who is evidently a bona fide settler.

On the 25th July last we told Mr. Smith that his application was being referred to the Agent at Lethbridge to have an immediate inspection of the land made, so that I presume we will have to allow an inspection, and sell at the valuation, if not too low. The Agent might be asked for a reply as to what action he took in this matter, and Mr. Smith advised accordingly.

DOMINION LANDS OFFICE,

Lethbridge, 11th September, 1902.

Sir,

I beg to acknowledge the receipt of your letter of the 29th ultimo, file 426618, asking me to explain why the furnishing of the report from the Homestead Inspector in connection with the application of Mr. W. E. Smith to purchase the W.1/2 of 10 - 9 - 2 - West of the 5th Meridian was delayed for about two years, and in reply to say that the da. I received your letter of the 20th July, 1900, file 525958, I asked the Homestead Inspector to visit the land and report to me as to its value per acre. The Homestead Inspector was again written to on the 8th March last, but I am unable to state why the report was not sent in sooner, unless it was owing to the fact that my letter of the 27th July, 1900, was addressed to Mr. J.R.Thomson, the then Homestead Inspector.

Your obedient servant,

Agent Dom. Lands.

The Secretary,

In reply to your letter of the 6th instant, I have to say that the Agent of Dominion Lands at Edmonton is being asked, provided he is aware of no reason to the contrary, to note in his books opposite the S.E. ¼ of Section 9, Township 53, Range 27, W.4th that your son, who will be of the full age of eighteen years for another six months is desirous of obtaining homestead entry therefor and should any other application be made for this land he is to report here before taking action, referring to this communication.

I am to add that should your son immediately erect a house and go into residence upon the land and begin cultivation thereof, the chances of a young else applying for entry would be much lessened. You should at once advise the Agent of your son's full name and the date of his birth.

Sir,

Referring to the Copy Sent me of your letter of the 14th inst addressed to Mr Arthur Gray , Ref 392054, I beg to Say that a Mr Otto Called upon me to-day with one Krystof Lemke, the latter being a respectable looking Galician , who wishes to make entry for the SE¼ 36- 52- 23 W4th M . Lemke Says he is willing to pay $42 for the existing improvements and the $15 entry fees, in all $57 .

This being the Case, I should have had no hesitation in granting Lemke an entry were it not, that your instruction to report before taking action precludes my dealing finally with the land.

Mr Otto , who resides in the locality of this Complains of the lack of Neighbours and as far as I Can understand him expresses the opinion that occupation of the land by young Gray , for whom it is proposed to reserve it would not result in as much benefit to the locality as the Accession of a Substantial family man such as Lemke. I am thoroughly of this opinion and would respectfully recommend the application of Lemke to your favorable Consideration . Will you kindly wire instructions on receipt of letter So as to hasten Matters & put Lemke in possession of this land or to acquaint him without unnecesssary delay of the necessity of looking elsewhere .

Sir/

I beg to acknowledge the receipt of the statement you have filed in connection with the notice given of the intention to apply for patent for S. E. ¼ 36 - 52 - 25 W 4, and am to say that the cultivation you have done is too limited especially as you are not residing on the homestead. It is usual in such cases to require the homesteader to have at least 30 acres under cultivation, or, if he prefers, he may have 20 acres of cultivation and plant at least one hundred trees of a desirable kind. Of course, it sometimes happens that the homestead is not suitable for grain growing and the settler is engaged in raising stock. When this is the case a smaller area of cultivation is ~~expected~~ accepted.

Sir,

Clients of ours Messrs Henry Smith and Frnest Tee have purchased from James Mc.Donough of High River all that part lying south of High River of N.F.¼ 25, -18, - 30, - W. of 4th M. and of N.W.¼ 30, - 18, - 29, - W. of 4th M. aggregating 253. 33 acres ,and have a certificate of Title A.A.23 for the same .

Our clients now apply to the Government to be allowed to purchase S.W.¼ 30, - 18, - 29, - W. of 4th Mer. for which James Mc. Donough obtained homestead entry on the 8th of July 1895; and they can furnish evidence ,if necessary, that Mc. Donough has abandoned his homestead entry so far as he could in their favor.

Messrs Smith & Tee,have also purchased from James Mc. Donough ,all his right and title to the ditch which is in course of construction and intend to complete it this season ,by which 220 acres of the land they purchased from Mc. Donough and about 35 of the land they are applying to buy from the Government will be able to be irrigated in 1898. Sixty acres of the 220 are actually being seeded now with oats and wheat, and water will be able to be applied to this 60 acres by the 1st of July next.

Out of the S.W.¼ 30, - 18, - 29, - W. of 4th about 35 acres only are irrigable ,the rest being dry bench land ,more or less covered with rocks and boulders ,and of use only as a pasture ,and it is the intention of our clients to use it for such purpose only ,as the rain fall is too light in that vicinity for the growth of cereals without irrigation.

42.326

Messrs Smith & Tee have been for 14 years in Arizona ,engaged in Cattle ranching and farming and the calf crop branded by them per year was about 1200 head. They have also been used to irrigation in Arizona for raising alfalfa. There intention is to completeb the ditch which is in course of construction by Lames Mc. Donough , and to put all the irrigable land of their holding under crop next year. They have already purchased 800 head of Cattle ,and intend to put on 400 more this summer.

We understand the Government in order to encouage irrigation and the development of the country have sold land at $1. 00 per acre. We trust this quarter section will be sold to Messrs/ Smith & Tee at that rate per acre ,and that as early a reply as possible to this their application may be given because Messrs Smith & Tee intend if their application to purchase is entertained to erect certain necessary buildings on this quarter section.

We are Sir,

Your obedient Servants,

Muir & Jephson.

Sir,

Enclosed find copy of a letter from Messrs. Muir & Jephson, regarding an application by their cleints Messrs. Henry Smith & Ernest Tee, to purchase the S.W.¼ of Section 30, - 18, 29, - W. of 4th M.

The ¼ Section stands as a 2nd Homestead in the name of James Mc. Donough, and the notice to "shew cause" why this entry should not be cancelled has been sent him.

The statements regarding the areas to be irrigated are somewhat below what are shown on the plans and memorial fyled in this Office. 220 acres being represented by 263, and 35, by 42 acres.

I think that the representations made regarding Messrs Smith & Tee, are correct, and therefore a class of settlers it is highly desirable should be encouraged.

The representation regarding the land sought are to my personal knowledge correct, and I would recommend these gentlemen be informed that on completion of their irrigation work the S.W.¼ would be sold them at the rate of one dollar per acre, ($1.00), as has been done in other cases. In fact would point out that in the joint memorandum of Mr. Dennis and myself on the settlement of the arid lands as a stimulant to irrigation, lands should be sold at $100, per acre.

20 per cent of the area to be irrigated.

Mr Elwood Mead in his excellent paper read before the American Society of Irrigation Engineers at Denver last autumn recommended a lease of lands suitable only for grazing purposes be granted 16 acres for each acre irrigated and that lease was to be a permanency conditional to the irrigation and utilization of the irrigated area.

they be allowed to purchase the South West quarter

Referring to the notice to show cause sent Mr. James McDonough of High River, the S. W. ¼ of 30 - 18 - 29, west of the 4th, on the 25th September last, I herewith enclose you that Gentleman's Statutory Declaration which will be his defence in the case. Mr. McDonough in answer to question 25 states that the understanding he had when he took up the land was that he was taking it up under the two mile radius clause. I informed him that that could not be so as the two mile radius clause had been done away with previus to the date of his entry. He states that he is willing to give up his claim to this particular quarter section if the department will allow him to make entry for another. Probably it would be well to grant him permission as I am afraid if the other parties namely, Messrs Smith and Tee, put in their reply it will be of such a nature possibly that the Department will be unable to grant his request in that respect although as a matter of fact I really do not know much about it. See messrs Muir & Pepson's letter of the 6th of May last, a copy of which was sent you.

In reply to yours of the 26th ult, File 426988, regarding the S. I also understood from Mr. Jamison that they fully expected to get this quarter section, but afterwards it is evident that Mr. McDonough did not care to give it up and he states, that he never agreed to let them have the land. As to whether Messrs Smith and Tee and Messrs Muir & Jamison could make out a case against Mr. McDonough of course that would remain to be seen. They have not stated to me exactly that they could, but there is no doubt in my mind, but what they would endeavor to do so. I thought if the Department in the meantime would allow Mr. McDonough to make entry elsewhere that would settle the whole matter and all parties would be satisfied. That McDonough would require to swear that he had not received or accepted or expected to receive anything for abandoning claim.

High River, December 6th, 1897.

J. P. J. Jephson Esq,

Dear Sir;

In answer to your letter inquiring about the completion of the ditch I beg to say that after the floods had destroyed about 60 yards of our intake this summer we had to wait till the water was at its lowest in September before finding out whether we could still take water from the same place or have to make a new and expensive cut.

The surveyors report showed that by taking out about 500 yards mostly rubble we could get 6 in deep in our ditch at the lowest water.

We at once let the contract to Finlay but his other work delayed him until he was unable to work on account of frost. He came up to make a start but found it too hard. We had previously done 11 days work with team and scraper cleaning away the debris of the flood and patching up the intake so that we could use the water until the river went down.

I mention these facts to account for the delay in the actual completion of the ditch to the boundary of our land which I believe is what your letter referred to.

There is about 300 yards of ditch to make 2 ft wide which could be done very easily by team and plough as it passes through a fallow field with easy grade and no cut. This remaining 300 yards is not important to us as we shall never irrigate this field, finding that turning the water out above, about half a mile, sub-irrigates this land most effectually.

The actual completion of the ditch to our boundary was a very easy matter, but we thought it useless to do it until we had some certainty in regard to the intake and whether we could stand the cost.

I am afraid it will be April before Finlay can go to work.

Yours Truly,

Sd. Henry Smith.

In further reference to our conversation with you of yesterday as to the delay in completing what the Department has required to be done before Messrs Smith & Tee can purchase the quarter section, we beg leave to enclose a copy of a letter from Mr. Henry Smith to Mr. Jephson which should show the Depart-ment, in case it is thought the purchase should be carried out without delay, the reason why the ditch has not been finished.

You will notice our client's application to purchase was made on the 6th May 1897 about 6 weeks before the floods in June; so that they could not know what delay would occur before they could complete the ditch.

We would ask that the application of any one either to homestead or purchase this quarter section be refused until we have a reasonable time next spring in which to complete what the the Department requires.

Sir, re S.W. 1/4 sec.30 tp. 18 rge 29 W. 4th.

We wish to direct the attention of the Department to some correspondence which has been going on between the Agent here and ourselves.

Messrs Smith and Tee clients of ours, applied on May 6th 1897 to the Agent to be allowed to buy at $1 per acre this quarter section, which had been entered for by James Mc Donough as a homestead. On 1st May 1897 Mc Donough had sold to Messrs Smith and Tee some land, the irrigation ditch and other improvements on the land he had been using and the latter gave him quite a considerable price.

We enclose a copy of an acknowledgement as to the sale of these improvements signed by James Mc Donough, which copy is certified to as a true copy by the agent here.

The price at which the Department agreed to sell this land, the quarter section, is $160 which was paid by us to the agent on May 6th 1898: but now the Agent has written a letter dated 6th May 1898 (after we paid the $160) in which he requires that $75 the value of some fencing on this quarter section be paid in addition.

I am directed to acknowledge the receipt of your letter of the 26th ult., asking on behalf of Messrs. Smith and Tee that they may be granted a receipt for the sum of $160 in full payment for the purchase-money for the S.W. ¼ of 30, 18, 29, W. 4th M., and to inform you the matter has been submitted to the Deputy Minister for consideration, and he has decided that it will be necessary for Messrs. Smith and Tee to pay the value placed upon the fencing made by the former homesteader, Mr. Jas. McDonough, in addition to the purchase-money. It is the invariable practice of the Department to collect the value of the improvements upon cancelled land, and your clients should have been aware that Mr. McDonough could not dispose of improvements made by him upon this land for which he had not acquired patent.

The Secretary of the
Department of the Interior

Sir, re S.W. 1/4 of 30 - 18 - 29 W 4th M. Lr 426988.

We beg to acknowledge with thanks your letter of 3rd inst

We wish to urge some further points against the decision the Department has arrived at as shown in your letter.

Messrs Smith and Tee are entitled to any right that J. McDonough had as they bought him out. If the latter before he abandoned this quarter section had removed the fence, the Department would not have objected. It is customary, if a homesteader is going to abandon voluntarily, for him to dispose of his improvements and McDonough would no doubt have done so and the fence would have been taken off the land if our clients had not bought him out.

Is not a fence a chattel? certainly, fences, both posts and wire are always being moved in this Country.

In such a case as the following which is analogous to that of our clients the Government do not require the purchaser to pay the improvements.

A is a squatter on land and does not make an entry. He disposes of all his improvements to B. B makes an entry and swears that he owns all the improvements. The Department

does not make him pay for the improvements because he already owns them, Just as our clients own McDonough's improvements by purchase for value.

We would ask you to condider this case again and to accede to what we ask.

Gentlemen,

I am directed to acknowledge the receipt of your letter of the 7th instant and in reply to say that it appears that time had run before Mr Monaghan taken away from his homestead notable improvements before his entry was cancelled no objection would have been raised, but this was not the case. The right of a squatter to dispose of his improvements is not recognized by the Department though [redacted] in certain cases where all the facts have been laid before the Minister permission has been given in such instances to dispose of the improvements to an intending settler. In the present case Mr Monaghan made application to abandon his entry and for permission to take up another homestead to have a declaration to the effect that there were improvements to the value of $ on the quarter section. He was notified on the local agent on the 17th November, the last that was sent [illegible] called, and he was given the right to make another entry. At the same time he was told that the value of the improvements would be collected for the benefit of the Crown, and as already stated there does not appear any sufficient reason for departing from the practice of the Department, and it will be necessary for your client to pay the amount.

IN THE MATTER of Improvements upon the S.W. 1/4 of section 30 township 18, range 29, West of Fourth Meridian.

I, Henry Smith of township 18 range 30 West of the 4th meridian in the District of Alberta in the North West Territories of Canada, hancher do solemnly declare,

1. That there is on or near the West line of South West quarter of section thirty in said township and range a fence composed of 3 wires which has been up for so long that nearly all the posts are just rotting and some of them have to be replaced with new posts and a good many of them by reason of having rotted can be pushed down without much effort.

2. That the said fence on or near the West line of the South west quarter of said section is of the value of $17.15 and no more, which valuation has been arrived at by personal inspection by Messrs Spalding and Thomas W. Robertson.

3. That I verily believe that there is not actually on the South west quarter of said section at most more than 300 yards of said ~~[illegible]~~ fence.

4. There are no other improvements upon said quarter section

5. I am however willing to pay $17.15 for the fence at or near said west line whether all the fence is on said quarter section or not since to have the line run by a Dominion Land Surveyor would probably cost more than the difference in value.

AND I MAKE THIS SOLEMN DECLARATION conscientiously believing it to be true and knowing that it of the same force and effect as if made under oath, and by virtue of The Canada Evidence Act.

Memorandum:-

I have now two cases before me (Refs. 426988 and 430090) where lands have been sold at the minimum rate per acre subject to the purchaser obtaining under the North West Irrigation Act a license to divert the water to irrigate the land in question.

The purchaser has paid in full for the lands, and I am prepared to issue a patent therefor. But before doing so might it not be as well to consider if it would be in the public interest to insert a clause in the patent where such lands have been acquired under these conditions, that where it can be proven to the satisfaction of the Minister that the lands are not being used for the purposes for which they were sold, they should revert to the Crown.

Sir,

With refere ce to the application for patent of Charles Benjamin Chamberlain for the S.E.¼ [illegible] on which you have noted that there is no seed grain encumbrance, I am directed to remind you that one Charles Chamberlain is liable on the bonds of Edward Ramsden and [illegible] Phillies, in which his land is described as the [illegible] of the above section. This land, however, appears to be the homestead of John [illegible]brides, and I am to enquire if these bonds are not properly a charge against Mr. Chamberlain's land.

Sir,

In your Return of seed grain repayments to 7th instant, it is noticed that you report the receipt of $10.40 from John Krossa in payment of the bond given by A.Wierzba, of the S.E.¼ 18--50--25 W.4. . You are probably aware that when a surety pays a seed grain bond in order to obtain delivery of his certificate of recommendation for patent he is entitled to an assignment of the bond, which is usually done by endorsing the receipt of the amount paid by him on back of the bond, and in cases of such assignments, if the original obligant and the other surety have not received certificate of recommendation, they are required to furnish evidence that they have satisfied the claim of the other bondsman.

Draft approved

In this case it is noticed that Frederick Jadowski of the S.W.¼ 2 --50--25 W.4. ., is the other surety on Wierzba's bond, and he has been notified that this liability, together with other seed grain advances, must be discharged before his certificate of recommendation will be delivered. Please report if Krossa desires to be placed in the position of an assignee of the bond in question.

It also appears from our records that Mr.Krossa obtained an advance this Spring of twenty bushels of barley and, by inadvertence, no reference was made to this in my letter of 22nd ultimo. His certificate of recommendation was forwarded to him on the 16th instant, and I am to ask

January 25, 1899

Dear Sir,

I came to South Edmonton last fall from Seattle Washington, with the intention of taking up a homestead. I went to the Land office in Edmonton to find out where the best land was. All the homesteads that were of any account were taken up - that is all within reasonable distance, some 20 miles out of civilization. I learned of a homestead the S.E. ¼ of 35 ¼ 20 West 4th Mer. - that should be cancelled and I now write to you about it. A man named Christ- Krause took it up and lived on it for some time. The homestead is a poor one as the land is very poor and was frozen last fall so he decided to leave the country. He said it

house, horses waggon &c and every-
thing he had worth selling. He claimed
he had two horses but what he left was not
worth anything - all debts. Now Sir I
am positive that Mr Crozier does not in-
tend to come to Alberta again - made this for
a year's permit in order that he would
get the hay and rent for the two years
he had broken. And I think that he
should not be allowed to take it.
I understand from the agent in Battle that
I can get a permit from him but I
fancy now he will not.
I went to Innisfail and Olds & Edmonton and
they advised me to write you.
Now Sir, I would ask to have the priority
right to the place in case Mr
Crozier does not turn up.
I would like to get it in time
this Spring and I am willing to pay

Sir,-

S.W. ¼ of Sec. 2 Tp. 51 Rge. 25 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Sir:-

In reply to yours of the 25th ultimo in which you ask to purchase the S.W.¼ of 24 and the N.E. ¼ of 14-5-30 west 4th Meridian. I would advise you that L.S.18 of Sec.14 has been reserved for stock-watering purposes and is, therefore, not available, if the remainder of the Section were sold or leased to you, it might be necessary to stipulate that no fence -es should be put up within a reasonable distance of the water ing place. I will, however, forward your application to the Minister for such action as may be considered advisable. As to the price of the land, it is possible that it may decide that the usual figure, $10.00 per acre is too high and agree to sell you at a lower figure, but on that and I cannot hold out any inducements.

Sir:-

I am in receipt of the following letter from Messrs.Bell Brothers of Pincher Creek,dated the 25th ultimo:

"We are going to bother you once more,we want to get two quarter sections of land,the S.W.¼.of 24 and the N.W.¼.of 14 - 5 - 30 west 4th Mer.,now,what is the least the Go - vernment will take for them per acre,for we have no place to cut up-land hay and if we had these,we could fix them up to raise some hay and if you cant sell them to us,rent them them to us for five years; we only had 320 direct from the Government,the rest we had from the C.& E.railway"

I enclose herewith copy of my reply. I would direct your attention to what I have stated to them respecting the probability of a lower rate than $3.00 per acre being granted them and also as to the restrictions necessary in case of sale or lease in order to protect the watering place on L.S.16 of Sec.14 applied for. I have not made a personal inspection of the land in question but am very well acquainted with the general topography of the neighbourhood. It is very fair grazing land,in some places rolling,and contains many basins where water collects,and if these basins were protected,a good deal of hay could be but in and around them. The ridges themselves are covered with a very heavy vegetable loam which would also raise fair hay crops.

Messrs. Bell Bros have make application to purchase the South East quarter of Section 14, and the South West quarter of Section 24, Township 5, Range 30 West of the 4th Meridian, and ask what is the lowest price per acre the Government will take for these two quarter sections. As the land apparently is only fit for raising hay I do not think the price per acre should be lowered. The land is vacant here and in Mr. Ryley's books, and I know of no reason why it should not be sold to the Messrs. Bell. I attach a sketch showing the position of the lands applied for.

DOMINION LANDS OFFICE,

Lethbridge 30th, Septr. 97 189

Sir,

I am in receipt of a copy of a letter, Ref, 8117 addressed by the Superintendent of Mines to Messrs Bell Bros. of Pincher Creek, advising them that in a letter received from the Assistant Secretary of the Department of the Interior dated the 22nd, inst. Ref, 427109. addressed to the Agent of Dominion Lands, Calgary, it is decided that the S,W½,Sec,24. and the N,E½,Sec,14.- 5.- 30.W, 4th, M. cannot be sold them at a less price than $.3.00 per acre.&c. In this connection I beg to inquire if it would not be better, where, as in this case, it is clearly evident that a clerical error was made in addressing ~~XXXXXXXXXXXX~~ the letter to the wrong Agency, for the recipient to at once forward the same to the Agent for whom it is intended, and allow him to deal with the matter, as otherwise it is likely to lead to confusion on the part of the settler, who will naturally be in doubt as to the proper officer to correspond with in regard to land matters, and again in the absence of such letters, the files of an office are not as complete as they should be.

In this particular case, I am at a loss to know why the Bell Bros. should apply to purchase the N,E½,Sec, 14.- 5.- 30. W, 4th, M. which land stands as the second homestead entry of Mr. Lachlan Bell.

Sir;

The Agent of Dominion Lands at Leth-
-bridge on the 30th ult addressed you, his Ref being 11479, regarding
what should be the proper procedure in the case of a letter being
misdirected. It would not be one in an hundred times that I
would likely adopt what I did in the case under observation. My
reason for adopting the course I did I think should be obvious
to any one. All the correspondence regarding the purchase of
land by lessees like Bell Brothers, has, from the nature
of the case, been conducted necessarily through me. As you are
aware I have had a very large number of ~~xxxxxxxx~~ letters from
Bell Brothers regarding the winding up of their leasehold and in
this, like all other cases, when the matter was finally decided
upon the Agent was instructed, at least I presume so. In my
letter to Mr. Bell, a copy of which was sent the Agent who had
all the information regarding Reference Number, letters mentioned,
if letter ~~was~~ that he would have had, at no end the enclosed
a copy of it. As to Bell Brothers not knowing the proper
person to apply; until they decided to increase it was not
[illegible] to the point under discussion whether they should or
should not know, but in this particular case they did know. They
were repeatedly informed by me when they were required to
make their application through the Agent.

See yours of the 5th Inst. ~~3620~~, on

~~3620~~2, Re N. E. ¼ 4, -33, - 3, -W. of 5th Mn. claimed by William Ward.

It is true that the Act does not require actual residence at date of entry, by the Squatter on lands in advance of survey, but sub. Sec. 2, of Sec. 38, of the Domn. Lands Act, as consolidated for Office purposes states in case of such squatters, that residence upon, and "cultivation of the land for the three years next proceeding the application for Patent, s all for the purpose of the issue of the Patent, be held equivalent to that prescribed in the foregoing sub- clause".

In mine of the 23rd ult. I had in view the obtaining of Patent by William Ward, not merely entry, and do you think his application for Patent can be approved?. If so would it not mean that any squatter on Dominion lands since 1874, the date this provision first came into effect, if he could shew that he had lived three years upon, and cultivated a ¼ Section which on survey would be open for homestead entry would be entitled to a Patent on making homestead entry, and application for Patent for the same.

If the law bears that interpretation, do you not think it should be changed?.

So soon as this Township is open for entry, Mr. Ward and sons will be notified.

Your obedient Servant.

Winnipeg, Man. 18th May, 1896.

Sir,

The Commissioner directs me to submit the following case for consideration.

It appears that one William Ward squatted before survey upon the N.E.¼ of Section 4, Township 33, Range 3, W.5th M., and effected improvements to the extent of 25 acres of cultivation; a log house with sod roof 18,x 25, worth $150; two stables worth $100; fencing etc. Owing, however, to ill-health, Mr. Ward removed in November, 1895, to British Columbia, where he now resides. As the land will shortly be in the market he is anxious to make entry and to thereafter apply for patent. It has been suggested by Mr.Pearce that, under the circumstances, Ward might make entry by an agent, and apply for patent at the Land Office in New Westminster. The Commissioner approved of this proposition, and the Agent was notified accordingly, but on the 8th instant that officer writes here raising a certain point which is set forth in his letter, a copy of which has been forwarded to you. The Commissioner directs me to say that he considers the application a meritorious one, and in view of the substantial improvements and the apparently bona fide manner in which Mr.Ward endeavoured to occupy and cultivate his land, he is of opinion that his first recommendation should be adhered to. He would like the matter submitted to the Deputy Minister in order to obtain an expression of his views.

Dear Mr. Burgess,

See C. O. letter 358774, on 362084, on 362082, dated the 18th Inst.

In Mr. Ward's case it would possibly be well to grant what the Commissioner recommends, but in doing so take care that it could not be construed into a legal recognition of the principal, that because a man had resided on a place three years prior to survey, but had left it, also prior to survey, that on survey he would be entitled to Patent.

It would open wide a door to hundreds of fraudlent applications for land. I know myself of 100 such ~~t~~ Sections that could be claimed if such is the law.

It frequently occurs to me that we allow our sympathies too free scope, probably it is better to err on that side.

Now the object of a Homestead law is the promotion of Settlement., is that object in the slightest frustrated if a case such as Ward's were handled on its strict legal basis; I think not but on the contrary promoted.

We seem at times to administer on the theory of 'earning a Patent' a term that always grates on my ears. I told them that the Homestead idea is not that so soon as title is obtained the Settler abandons. that the theory is permanency, and it is the duty of these administering ~~to~~ to keep that view ~~permanently~~ to the front. Ward may have been unfortunate, but why should the public domain be called on to contribute to him, is it even expedient?. Ward is treated leniently and at once a dozen come forward and demand similar action, as a matter of right.

QUERY.

ANSWER.

Department of the Interior,
Ottawa, 8th June, 1896.

Memorandum :- 404389

Mr. Hall :-

The facts of this case may be stated as follows :-

Prior to survey William Ward squatted and made valuable improvements upon the North East quarter of Section 4, Township 30, Range 3, West of the 1st Meridian. Being ill-health he removed in November, 1895, to British Columbia, where he is now residing. Notwithstanding this he now desires, not only, to make entry for the land, but to obtain his patent for it without further residence or cultivation.

The provisions of the law which govern cases of this class appear to be as follows :-

Under these provisions there is no discretion whatever but it is Mr. Ward is entitled to a patent "upon proof to the satisfaction of the agent and land" as the case may be, that he has resided upon and cultivated the land for the period of three years after the date of entry, and if it has not been reserved. Whether he is entitled to patent for it or not depends however upon the provisions of sub-clause 2 of clause 38 of the Dominion Lands Act and if Mr. Ward, after he has complied with the provisions under the provisions of clause 38, can prove not only that

Sir,

Referring to the letter from the Agent at Calgary addressed to the Deputy Minister in regard to the case of William Ward, N.E.¼ of Section 4, Township 33, Range 3, W.5, I am directed to say that the Commissioner agrees with Mr. Pearce in the view he takes of this matter. At the same time, however, as Mr. Ward's agent is apparently in occupation of the land, he thinks that the Department would be fully justified, under the circumstances, in recognizing the residence and cultivation performed by him.

Sir,

I beg to acknowledge the receipt of your letter dated the 12th instant, file 404389, and the accompanying memorandum by Mr. Rothwell, regarding the case of William Ward, N.E.¼ of Section 4, Township 33, Range 3.W.5.M.,

In reply the Commissioner directs me to say that the conclusions arrived at by Mr. Rathwell are doubtless quite in accordance with the strict interpretation of the law, at the same time it is not the practice to so read the provisions of the Act: for instance section 36, sets forth that "unless the person who has obtained homestead entry perfects the same by beginning continuous residence etc., the entry shall be void". Clause 39, provides that "if the required residence duties are not performed the right to the land shall be forfeited, and the entry thereto shall be cancelled." but it has not been usual to enforce these conditions, and it is not quite clear why if one clause of the Act ~~could~~ be liberally interpreted the same reasoning should not be applied to an other clause.

Memorandum re 40439 -
To the Deputy Minister,

By my memorandum of the 6th ultimo I intended to show Mr. Ward's rights under a strict interpretation of the provisions therein mentioned and also that the granting of an entry to him in this case would not (to use Mr. Pearce's own words "open wide a door to hundreds of fraudulent applications for land." How the Commissioner agrees with that view (and it appears he does, vide 46:906) and yet considers that Mr. Ward's application should be granted I cannot understand. I do not agree with Mr. Pearce, and what is set out in my memorandum of the 6th ultimo explains why. But I did not intend by that report to even suggest that Mr. Ward should be deprived of his rights under a strict interpretation of the provisions in question, and since the liberal practice referred to by the Commissioner obtains, Mr. Ward should of course be given the benefit of it. When I made my former report I was not aware that any member of Mr. Ward's family resided upon the land. Any one would be led to believe by Mr. Pearce's letter of the 15th May last that the whole of the family of Mr. Ward had abandoned this land and had taken up their permanent residence in British Columbia. But as it now appears that he left his two sons in charge of the land it is not fair to [illegible] assume in the absence of proof to the contrary that he is only temporarily absent because of his ill-health.

However, I consider that under the circumstances of this case that Mr. Ward should be allowed to make his entry, and to obtain his patent -- unless some good reason exists for an departure from the strict interpretation of the law as set out in my former memorandum.

J. R. Roche

persons who will permanently reside upon and improve them, and if that object can be attained in this instance, I do not think there is any risk in your interpreting the provisions in question as liberally as you desire in Mr. Ward's favour. If, however, you find that you cannot accede to Mr. Ward's wishes in this matter, and his sons continue to occupy the lands no doubt one of them may be eligible to obtain entry ~~for the land,~~ and possibly the patent.

I also wish to point out that the same reasons for departure from a strict interpretation of the provisions in question, do not exist in this case as existed with regard to the provisions referred to in your letter of the 17th ultimo. In Mr. Ward's case he is yet without entry, but in the case of a person having an entry which the provisions referred to in your letter of the 17th ultimo, declare shall be void, or forfeited, or cancelled as the case may be, under certain circumstances, the person has an entry which is valid until the penalty has been inflicted, and if such penalty be not inflicted, in favour of the Crown, or its officers, for satisfactory reasons, the entry remains valid notwithstanding the penalty provided in the clause in question.

Yours faithfully,

J. Allen Bell

Dear Mr. Smith,

I enclose, herewith, a copy of a memorandum which Mr. Rothwell has submitted to me with regard to the claim of William Ward for an entry for the North East quarter of Section 4, Township 35, Range 3, West of the 4th Meridian, and also for the issue of a patent therefor. The papers respecting this case had not previously been brought to my attention, but I think you should have noticed in granting Mr. Ward his entry when this Township is thrown open to entry, and of recommending his application for patent if, outside of the question of his present absence from the land because of illness, his residence is otherwise satisfactory and his improvements are sufficient, and if they are of a nature which show that Mr. Ward is a bona fide settler and you have not reason for believing that two sons are simply occupying the lands until the father secures a patent. The main object of the Act is to secure the settlement of the lands in question by bona fide

The North half of Section will not come within operations of Circular, of 10th Jan. 95,31658, on 160915.

If the Township were now open for entry and William Ward living on it, he could make entry, and would apparently be entitled, to apply for, and receive his recommendation for patent. The enclosed is what was stated to me by his son Alfred Ward, claimant to the N.W.¼.

His son states, "his Father can furnish a Doctor's certificate, that he had to leave this locality What is to be done with him ? If he is to be considered entitled to entry and patent suggest he be told he can make entry by Agent, and when that is effected he might make his application for patent, before the Agent of Dominion Lands, at New Westminister and the sons advised that their homestead conditions must be fulfilled, as they seem to labour under the idea that such duties are now completed.

letter suggesting course to be adopted to meet as far as possible Mr. Edwards' wishes regarding access to stream.

On the 27th of Jan. 97, a letter was received from Edwards that he had heard Section 4 was likely to be open ,and for his sons entry he desired to substitute East ½of 4, for east ½ 16 ,and to lease the west ½ of this section.

On the 4th of Feb. 97, he was advised that the Words had 30 days subsequent to 29th of Jan.'97 to effect entry ,and told he should write you asking if Wards entry was not effected ,if his application would be entertained.

On the 1st of March 97, yours of the 20th of Feb.'97, was received, suggesting that Grierson who had entry to S.W.¼ 10, should relinquish a strip from off the south side to give Edwards access to creek, and if he acquiessed ,then to reserve a similar width from off the S.E.¼ .

On the 1st of March,'97, Grierson was written to asking him to do as suggested.

On the 6th of March 97, a reply was received from Grierson ,refusing to comply with request ,and stated there were two good open springs which Edwards had access to ,and they were nearer than the creek.

On the 6th of March 97, Mr. J. R. Thompson was written to ,told what request had been made to Grierson ,for what reason, and a copy of Grierson's reply was sent him and he was asked to report on all the facts. A copy of his report dated the 8th of April 97, is enclosed with this.

On the 11th of Jan. 97, Mr. Edwards addressed this office asking if Sec. 4 would be open for Homestead and to be advised of the different ways and rules of Homesteading . Stated he had 15 head of cattle besides horses that on Section 4 is the only available water all the rest being cut off by Homesteads. On the 14th of Jan

was answered fully ,copy sent you same date.

On the 23rd of March 97, a letter was received at this Office from him Mr. Edwards stating he had been advised by you that in the event of Sec. 4 ,being open for Homestead entry his application on behalf of his two sons would receive consideration ,and he stated he desired to lease the west ½ of this section ,and asked that a lease form be sent him.

On the 26th of March [illegible] was advised that the whole of sec. 4 , was open for Homestead entry to anyone eligible ,or could be leased subject to settlement .

On the 17th of April [illegible], was received from Edwards ,as payment for half year's rental for West ½ of 4, 33, - 3, - W. of the 6th.

On the 22nd of April [illegible], this application was forwarded to this office and recommended lease issue for west ½ 4, .

On the 26th of April [illegible], petition was received at this office, signed by some 18 persons [illegible] as settlers in this district asking that the east ½ of 4, --, - , - , of 6th be reserved for Stock watering purposes . Thompson in his report makes no allusion to the alleged two open springs , [illegible] purchase a strip 1 chain in width from the C.& E. Railway from off the westerly limit of Section 3, and that a strip two chains in width be reserved from off the northerly boundary of the N.E.¼ 4, in case other than Mr. Edwards' sons should obtain entry. It is not apparent, why whatever reservation should be made if others than Edwards sons obtained entry should not be made if the said sons obtained such entry ,and I think it is probable that at least five chains probably ten chains should be reserved from off the northerly limit of this ½ Section and 2 chains from off the N.W.¼ so as to permit, Stock to have

Sir:-

Replying to your communication of no date stating that there are some old log buildings on the N. E. 1/4 of 4 - 33 - 3, West of the 5th which you desire to purchase and remove, I beg to inform you that the East half of 4 - 33 - 3, West of the 5th., was being held for sons of Mr. J. B. Edwards, of Olds, who in November, 1899, was written to and requested to state what his sons intended doing in the way of making entry, but apparently no reply has been received. I imagine the Department would prefer to allow some one to homestead the land and pay in to the Crown the value of the improvements. However, if Mr. Edwards' son does not come forward immediately to make entry, your offer to purchase will receive consideration. A copy of this communication is being forwarded to Head Office for the information of the Department, also a copy to Mr. Edwards.

Jan. 7th, 1901.

Sir:-

Your letter of the 4th inst. to hand, addressed to my father, J. D. Edwards, in which you state that Mr. Chas. Panford wishes to buy the old buildings on the N. E. 1/4 of 4 - 33 - 3, West of the 4th, which my father is holding for me. I am prepared to make the entry at once if you will send me a proper form to fill out.

Per since my father's claim to the Government to hold the West half of 4 - 33 - 3, West of the 4th, for his two sons, and which was right, both my brother and myself have been very interested in the land. We have planned to start for ourselves as soon as we were of age. Our father was writing to the Government for information as to the time necessary to receive patent. Not hearing from us, and one of his sons was of age, he, my brother, Pte. Charles Edwards has entered as homestead, the N. E. 1/4 of 4 - 33 - 3, West of the 4th, the 7th January, 1901. Also the fractional south half of section 4, township 33, range 3, west of the 4th. Now as one of his sons was old enough to make entry we thought it best to do so.

We intend to close out the entry and improvements we value at, and it will cost us to move and erect buildings on our homestead. The improvements consist of a log stable, granary, and a good log house, with a root house, and a small, valueless log as it would be some time before we could get a mill to saw out, of the way as they do not even make good firewood.

Trusting, we will receive this in favour,

I am,

Yours respectfully,
(Sgd) Charles Edwards.

Sir:-

Referring to this Office letter of the 4th instant to Mr. Charles Radford, of Olds, Alberta, re the W. F. 1/4 of 4 - 33 - 3, West of the 5th., a copy of which was sent you, I have the honour to enclose a copy of a communication from Mr. C. B. Edwards, son of Mr. J. B. Edwards, of Rocky View Ranche, Olds, dated the 7th instant, stating that he is prepared to make entry for the quarter in question, but that he does not consider the old buildings of any value. The question has arisen in my mind as to whether it would not be better to ask Mr. Radford to make an offer for the buildings and if he will pay more for them than Mr. Edwards considers they are worth, to allow him (Mr. Radford) to take them, and give Mr. Edwards entry for the land unimproved. On the 17th October, 1900, Mr. Forestry Inspector Tucker valued the house and addition at $150.00; a log stable 22x30, $40.00; log stable 27x30, $50.00; and a stable 16x21, $10.00, also 14 acres of breaking valued $42.00. Mr. Edwards nevertheless has had the use of these buildings for some years, and the benefit of the breaking also.

Mr. Edwards is quite correct in stating that his brother, P. C. Edwards, entered for the S. F. 1/4 of this section on the 5th February

Sir,

I have the honour to ~~acknowledge the receipt of your letter~~ report that I have today made an inspection of N.E. 4. 33. 3. W. 4. and found there no improvements of any value whatever. There are three small log buildings on the place in a tumbled down condition and the logs rotten.

I understand from a consultation with neighbours of Mr Edwards that there was considerable hand breaking at the time it was reserved for him. Edwards contends that the breaking was of no value to him as it was grown up with weeds etc which were practically the same.

I would recommend that Edwards be given the entry on the payment of Ten ($10.00) dollars which would be about the value of the logs should for firewood at the time it was reserved for him. Edwards objects to paying anything but he could have taken that value from the logs for wood.

Dear Sir,

Would you kindly give me information regarding the N. E. 1/4 of 4 T. 33 R. 3 west of 5th. meridian. as I understand this quarter was homesteaded by Garth. D. Edwards. This gentleman is not improving the land at all, he has been in British Columbia for over a year. He had a quarrel with his father Mr. J. B. Edwards and left home. As far as I can learn he has gone into business there, and does not intend to return. I would also state that he was just 19 years of age when he left so has not lived near the full time nor done the improvements. As I understand the homestead regulation that he is supposed to live on the land or near it with his father at least six months out of each year for three years. If this quarter can be or is cancelled may I be the first applicant for it. I live with my father on the S. E. 1/4 of 34 Tp. 32 Rg. 3 west 5th. M. just one mile and a half from the said quarter. Would you kindly let me know as soon as possible and oblige.

Dear Mr Smart.

Mr J. B. Batho of Ferguson has written me to know if Mr C. D. Edwards who has an entry for the N.E. ¼ Sec 10 T. 32 - 5 west of the 5th Meridian Alberta but has not yet got his patent, can be granted leave of absence for one year it seems that Mr Edwards is working with Mr Batho at Ferguson and that Mr Batho has been ill and would find it very difficult to get along at the present time if Mr Edwards had to return to complete his duties on this place.
If the regulations will permit of something being done in this matter will you please write Mr Edwards at Ferguson.

Believe me
Yours truly

Sir:

I have just received my patent for the N.E.¼. 4;- 33,- 3, west of the 5th., or rather for the south 30 chains, the 10 chains northerly being reserved for stock watering purposes, there as been considerable corr spondence between us concerning this matter, but nothing definite.

This reservation was considered by the late Homestead Inspector Mr. Thompson, but I believe he never reported it.

It is of no use whatever for stock watering purposes for it is all deep water, and is not necessary, as you will see for yourself by inclosure, showing you how the creek runs through the different quarters of land, also notice where the Red Deer River runs for the convenience of settlers on the west side of the creek, also the spring on the N.E.¼,- 4. which is equally as good a watering place as the creek, but I must admit that they are both very poor.

In a letter from you of Oct. 14, 1904, you say that when the reservation of Dominion Lands for stock watering purposes

is cancelled, it is disposed of by public auction, but such was not the casewith the East half of sec. 16, of this Tp. which was a stock watering reserve, up to a couple of years ago, when it was cancelledand thrown open for homesteading, also the N.E.¼,-32-32-3 W.5th. was a water reserve and is now homesteaded, so allwater reserves are not disposed of by public auction, and I see no reason why this reserve, which is part of my homestead, should not be raised as in other instances.

If you have no objections I should like to know by whose request, the reserve on the land in question was made.

You will notice that my father and brother have the east half of sec. 2, also sec. 3, another brother and myself have the east half of sec.4, and as we are all together there is no dispute between us for water front.

Nobody to the east of us can get to this water reserve without going along theTp. road(tothe south)then,it is nearer to the creek on the road than going to the reserve, or by going to the northof us across the north of sec. 10, then it is nearer to the Little Red Deer River, to the west, the river is just as handy for most people, and to get to the creek they have to come by the spring on the N.E.¼-5, and N.W.¼-4, which I scarcely think they would.

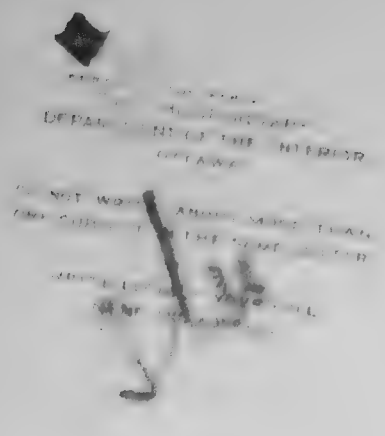

In the face of these arguments I hope you will see your way clear to raise this reserve and add it to my homestead, to

loose a quarter of my homestead, for a useless water reserve is I think , something the department would not think of for a minute, I should think it would be advisable to have the Homestead Inspector come and look at the reserve, and let him decide whether it is any fit place for stock-watering purposes, or not.

Hoping to hear from y in the near future concerning this matter, I am, Sir,

Yours respectfully,

P.S. It is our intention (my brother and myself)to buy the west half of sec. 4, when the hay reserve which it is now under is raised, so that will block the way to the creek on the N.E.¼ -4 there is I beleive 2 chains off the north of the N.W.¼, 4, for a road to get to the creek, but it will be impassable,for the spring on the N.E.¼,- 5, and the N.W.¼,- 4, runs more than 2 chains into these two quarters, as you will see by the inclosed map, and it is impossible to cross it.

Dear sir:-

I wrote you in Oct. 1905 and again in the spring asking for the reservation on my homestead N.E. ¼-4-33-5 to be raised. Beyond the answers to my letters I have not heard anything more in connection with the matter.

The Inspector of Ranches Called at my father's place this fall, but said that he had not time to go and look at this reservation, which was only a mile away. I was not at home at the time or I should have tried to persuade him to have gone to look t it as he was so close, for I should like to have the thing settled.

It is not necessary ~~for~~ to explain to you the uselessness of this reservation, as I have already done so in my letters before, and I am sure that any reasonable minded man will agree with me.

Yours truly,

C. E. Edwards.

I would recommend that the land in question be withdrawn from the Stock Watering Reserve.

of Olds, holds as a homestead the North-east quarter of Section 4, Township 31, Range 1, West 5. Meridien, with the exception of the northerly ten chains, which is reserved for stockwatering purposes. Now Mr. Edwards asked that the portion reserved for stock-watering purposes be added to his homestead.

The Inspector of Ranches was asked for a report as to the necessity of continuing the reserve, and he now reports that the land in question is no not required for stockwatering purposes and recommends its withdrawal. As you are aware, the practice has been to dispose of cancelled stockwatering reserves at public auction at an upset price of $10.00 per acre, but as Mr. Edwards holds the balance of this quarter-section as a homestead, the Department may be disposed to sell him this land at $5.00 per acre. In any event I recommend the withdrawal of the land from the reserve.

I am directed by the Commissioner to inform you that your letter of [illegible] has been received, in which you apply for a homestead, [illegible] Section [illegible] Township [illegible] Range [illegible] West of the [illegible] Meridian, and to state that you are prepared to comply with the conditions of the homestead regulations.

Under Subclause 5, however, known as the five years system, the homesteader is not required to live upon his land for the first two years, and in the three years following he is to put in the usual six months' cultivation, in addition to the 15 acres broken and cropped in the preceding period. If you enter into occupation of your homestead on the 1st April, 1901, you will thus recognize that the time will not have elapsed by which you should call for patent until the 1st April, 1904. I would further point out to you that there is no evidence of any cultivation having been done since the year 1900.

Letter 25803.

Mr. Gerhard Paltkan called in here yesterday , with the "Notice to shew cause" sent to him from your Office on May 12th last. Owing to ill health Mr. Paltkan left the land in April 1896, and is waiting for his health to improve a little before going back which he intends to do, You will see that he is entitled to his Patent having resided on the land for 3 years ,and having cultivated 45 acres and having built a house and stable on the land. In 1895 the Homestead Inspector was out to the land and Mr. Paltkan then wanted to make application for his patent but he being a Mennonite and not speaking or understanding English, he was not able to make himself understood to the Inspector . He now wishes to make application for his Patent and I would ask you to please let me know if he cannot do so from here.

Mr. Paltkan received a letter from a friend recently informing him that his house and stable had both been destroyed by prairie fire.

I would be pleased to hear from you at an early date what Mr. Paltkan should do under these circumstances.

Yours truly,

sgd. V. Winkler

when I took up my homestead it was valuable as a hay-farm but at no time has it been possible to break on it. It serves as an excellent addition to my fathers farm where no hay grew therefore it was valuable. It is now of very little use for anything but in case the water goes down it will again be of use as a hay-farm.

Department of the Interior,

March 4th, 1901.

Sir,

I beg to acknowledge the receipt of your letter of the 26th. ultimo, and the statement which accompanied it.

The information that you give shows that very little has been done by you in the way of a compliance with the homestead law, and you are certainly not in a position to make application for patent, for the S. E. ¼ of Sec. 34, Tp. 52, West 4th. While you are entitled under the provisions of the Act to perform your residence duties by living with your father, on occupied farming land in the vicinity, you must make improvements on your own land. You have not even some cultivation, but that the settler is entitled to the raising of stock a very small area is considered sufficient. In your case if your homestead will not admit of any breaking being done (as cannot certainly be possible, as in such event you would have to show that you are the owner of say 40 head of stock, and that you have proper shelter for them. The intention of the homestead law is to enable an actual settler to obtain land on which to carry on farming operations, and not to enable a settler to secure a free grant of a pasture section, which may be acquired similarly for pasturage purposes. Your case, as it is not of the class that should be given [illegible] possible, your best plan will be to [illegible] abandon it and take up other land.

When patent was issued for the above property to Mr Davies some thirty acres were reserved owing to their being covered by water.

We are now advised by Mr Davies that there is very little water on the land and that he can cut hay all over it.

We think it is your practice in such cases to issue title and we will be obliged if you will advise us if you can issue patent to Mr Davies for this piece of land.

Memorandum:

Application of W. J. Davis for supplementary patent [illegible] S.E., of section 32,-55-24, W. 4th M., shown on the plan [illegible] covered by water.

Mr. Davis [illegible] letter set forth that the [illegible] in question, [illegible] as [illegible] is really only a slough, is [illegible] dry at times and that he has the same fenced and [illegible] may not be a wet year. [illegible] set forth that a creek runs through [illegible] at times overflows [illegible] and that [illegible].

Mr. [illegible] has [illegible] to patent [illegible] to [illegible] quarter section [illegible] patent issued [illegible], 1903.

Mr. Homestead Inspector [illegible] in his report [illegible] 5th instant, however, states: "[illegible] dry now but is very low and flat. It is [illegible] and weeds. There is no water [illegible] at present but it is wet season [illegible] there will be [illegible] water on it. There was very little hay cut [illegible] account of the wet [illegible] wire fence and I do not see any reason why it should be reserved."

Do you consider that the Department should be justified in issuing supplementary letters patent for the land under consideration? It would merely appear that the same should be considered to have become totally and permanently dry.

Dear Sir

In Oct 1899 I entered for the S. E. Quarter of Sec. 7. Tp. 42. Rge 1. West 4. Mer. I have made considerable improvements on this quarter and resided on it from Nov 1st 99 to March 1st 01 continually and have been residing on it more or less since that time. The place is nine miles distant from Lacombe where I carry on my Business as a Plaster and Brick Maker I am trying to make enough money to improve the place and stock it. I can do this much faster by working in town at my trade and putting the money earned into the farm than by living on the farm and cultivating it. I would like to purchase the land from the Government so that I will not be compelled to reside on it for a couple of years more but remain in town at my trade please let me hear from you at once if I can do this to enable me to grant my Request. Sir,

I beg to acknowledge the receipt of the statement you have made in support of the notice given of intention to make application for patent for your homestead, the S.E.1/4 of 4 - 42 - 26, West 4, and am to inform you that according to information furnished the Department by the Inspector, it would seem that you have not complied in a satisfactory manner with the residence requirements of the Act. In view, however, of what you say, the Inspector is being instructed to visit you on the first opportunity for the purpose of receiving the evidence in support of an application for patent, which will have consideration when it comes to hand. 10th May, 1929.

Sir:

I beg to acknowledge receipt of your letter of the 14th ultimo in regard to your wish to secure a second homestead and in reply may say an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Without a description of your patented homestead by section, part of section, township, range and meridian the Department cannot trace the previous correspondence relating to your case and I would ask you to be good enough to forward here the Departmental letter addressed to you by Mr. T.R. Burpe. It is just possible such letter will enable the Department to trace the previous papers.

At the same time you might forward to the Department a full description of the locality in which your patented homestead is located, i.e., the Post Office nearest the land, etc.

When you have been heard from again your application will be given careful consideration.
